RAMSAY HEALTH CARE LIMITED DIRECTORS' REPORT

Your Directors submit their report for the year ended 30 June 2005.

DIRECTORS

The names of the Directors of the Company in office during the financial year and until the date of this report are:

Names

P.J. Ramsay AO – Non-Executive Chairman

M.S. Siddle – Non-Executive Deputy Chairman

I.P.S. Grier - Managing Director

B.R. Soden - Finance Director

M.L. Brislee - Non-Executive Director

A.J. Clark AM - Non-Executive Director

P.J. Evans - Non-Executive Director

R.H. McGeoch AM - Non-Executive Director

K.C.D. Roxburgh - Non-Executive Director

The Directors were in office for this entire period unless otherwise stated.

Particulars in respect of each Director's experience and qualifications are set out in the Directors Qualifications section of the Annual Report.

Interests in the shares and options of the Company and related bodies corporate

The beneficial interest of each Director in the share capital of the Company as at the date of this report was as follows:

Ramsay Health Care Limited

Director	Ordinary Shares	Rights over Ordinary Shares
	•	•
P.J. Ramsay	72,688,571	-
M.S. Siddle	26,667	-
M.L. Brislee	24,089	-
A.J. Clark	85,000	-
P.J. Evans	6,312	=
I.P.S. Grier	85,740	=
R.H. McGeoch	133,334	-
K.C.D. Roxburgh	72,223	-
B.R. Soden	5,387	-

Mr Paul Ramsay has a relevant interest in 72,688,571 (2004: 66,334,939) shares held by Paul Ramsay Holdings Pty Limited and is a director of that company.

Interests in Contracts or Proposed Contracts with the Company

No director has any interest in any contract or proposed contract with the Company other than as disclosed elsewhere in this report.

PRINCIPAL ACTIVITIES

The principal activities during the year of entities within the economic entity were the owning and operating of private hospitals. There were no significant changes in the nature of these activities during the year.

OPERATING RESULTS AND DIVIDENDS

Consolidated Results

The consolidated result of the economic entity after providing for income tax was a profit of \$30,071,000 (2004: profit of \$38,353,000). The operating profit before tax was \$51,518,000 (2004: \$56,670,000).

Earnings per Share

Basic earnings per share 21.7 cents (2004: 29.8 cents) Diluted earnings per share 21.7 cents (2004: 29.8 cents)

Dividends

Dividends paid or recommended for payment are as follows:

Ordinary Dividends

Final dividend recommended @ 11.5 cents per ordinary share \$19,594,000 (2004: \$12,893,000) Interim dividend paid during the year @ 8.5 cents per ordinary share \$11,902,000 (2004: \$9,670,000)

CARES Dividends

Dividend recommended at a dividend rate of 6.013% p.a. per CARES, payable on 20 October 2005 \$6,382,000 (2004: Nil)

REVIEW OF OPERATIONS

For existing Ramsay hospitals (excluding Benchmark and Affinity), admissions rose 8%. Including Benchmark but excluding Affinity, admissions were up 43%.

All Ramsay existing hospital divisions, medical surgical, veteran, psychiatric and rehabilitation, reported solid EBITA growth for the year. Organic growth accounted for approximately 6% of EBITA growth for the year.

During the year, Ramsay achieved satisfactory outcomes from health fund negotiations. Together with cost containment initiatives, this resulted in the EBITA margin for the existing Ramsay hospitals remaining at 10% despite the dilutionary impact of prosthesis revenue.

The benefits of previous capacity expansion at existing Ramsay hospitals continue to flow through to earnings, achieving returns on investments at or above the company's expectations and contributing approximately 5% to EBITA growth during the year.

As previously advised, Greenslopes and Hollywood are further developing strategies to manage the end of the exclusive contract with the Department of Veterans' Affairs this year.

Plans to transition these hospitals to a higher private patient intake have been in place for a number of years, and it is unclear yet what the negative impact, if any, of the DVA contract changes will be on the hospitals' earnings. Ramsay has been focused on positioning Greenslopes and Hollywood for continued strong growth in the medium to longer term.

During the 2005 financial year, the company successfully completed a number of acquisitions in addition to the Affinity purchase.

In April, Ramsay finalised the purchase of five aged care facilities in Victoria from Ellis Residential Care for \$51 million.

Also in April, Ramsay acquired two stand-alone hospital facilities – Murray Valley (30 beds) in Wodonga and Coastal Private Hospital (45 beds) in Perth. Both of these hospitals are close to existing Ramsay facilities, allowing for enhancement of service provision.

REVIEW OF OPERATIONS (Continued)

Benchmark hospitals are trading in line with Ramsay's prior statement that they would be slightly earnings per share positive in the 2005 financial year.

Following all of these acquisitions, and post the divestment of 19 hospitals as part of the Affinity acquisition, Ramsay's portfolio will consist of 70 hospital facilities, three hospitals in Indonesia and 474 operating aged care places.

CORPORATE INFORMATION

Ramsay Health Care Limited is a company limited by shares that is incorporated and domiciled in Australia. It's ultimate parent entity is Paul Ramsay Holdings Pty Limited. The registered office is 9th Floor, 154 Pacific Highway, St Leonards NSW 2065.

EMPLOYEES

The consolidated entity employed 30,546 employees as at 30 June 2005 (2004: 9,932).

SIGNIFICANT CHANGES IN STATE OF AFFAIRS

Acquisition of Affinity Holdings SARL

In April 2005 Ramsay Health Care Ltd acquired Affinity Holdings SARL for an enterprise value of approximately \$1.4 billion.

The acquisition was funded through an institutional placement, a 1-for-9 Accelerated Renounceable Entitlement Offer of shares to Ramsay shareholders, a preference share offer of Convertible Adjustable Rate Equity Securities and bank debt.

Affinity currently operates 48 hospitals across metropolitan and regional Australia and 3 hospitals in Indonesia. Affinity has annual revenue of approximately \$1.3 billion.

Pre-acquisition, Ramsay had 42 facilities throughout Australia including 36 private hospitals, 5 aged care facilities and 1 day surgery. The acquisition of Affinity provides Ramsay with a unique opportunity to expand significantly in its core private hospital business through one transaction and allow Ramsay to apply its successful hospital management expertise across a greater number of facilities for the benefit of its shareholders, doctors, patients and employees.

INCENTIVE RIGHTS (CASH SETTLED)

At 30 June 2005 there were 321,428 incentive rights granted under the Executive Incentive Rights Plan. Refer to note 23.1 of the financial statements for further details of the rights outstanding.

PERFORMANCE RIGHTS (EQUITY)

At 30 June 2005 there were 694,928 performance rights granted under the Executive Performance Rights Plan. Refer to note 23.2 of the financial statements for further details of the rights outstanding.

SIGNIFICANT EVENTS AFTER THE BALANCE DATE

AGREEMENT TO SELL 14 HOSPITALS TO HEALTHSCOPE FOR \$490 MILLION

On 5 September 2005, Ramsay Health Care Limited announced it had entered an agreement with Healthscope Limited under which Healthscope will acquire 14 Affinity hospitals for total proceeds of \$490 million, conditional on the approval of the Australian Competition and Consumer Commission (ACCC).

Ramsay had previously given an undertaking to the ACCC to sell 14 hospitals to partially address competition issues associated with the \$1.4 billion acquisition of Affinity in April 2005.

SIGNIFICANT EVENTS AFTER THE BALANCE DATE (Continued)

AGREEMENT TO SELL 14 HOSPITALS TO HEALTHSCOPE FOR \$490 MILLION

The total purchase price includes a \$13.5 million payment for Transitional Services. In addition, Healthscope will reimburse Ramsay for development capital expenditure paid by Ramsay since the hospitals were purchased in April.

As part of the agreement, Healthscope has paid Ramsay a deposit of \$20 million which is only refundable in limited circumstances.

Any sale will also be subject to ACCC consent.

LIKELY DEVELOPMENTS AND EXPECTED RESULTS

Directors and management of the consolidated entity will continue to seek growth in health care operations and to seek further cost efficiencies so as to optimise the returns to shareholders from existing hospitals. Directors and management are continuing to pursue opportunities, including expansion of existing facilities, further hospital acquisitions as well as other opportunities closely allied to the private hospital sector which are within the company's core competencies and investment criteria.

INDEMNIFICATION AND INSURANCE OF DIRECTORS AND OFFICERS

The Company has a Directors' and Officers' Liability policy covering each of the directors and certain executive officers for liabilities incurred in the performance of their duties and as specifically allowed under the Corporations Act 2001. The premiums in respect of the policy are payable by the Company. The terms of the policy specifically prohibit the disclosure of any other details relating to the policy and therefore the directors do not intend disclosing further particulars relating thereto.

REMUNERATION REPORT

This report outlines arrangements in place for directors and executives of Ramsay Health Care Limited (the company).

Remuneration Philosophy

The performance of the company depends upon the quality of its directors and executives. To prosper, the company must attract, motivate and retain highly skilled directors and executives.

To this end, the company has adopted the following principles in its remuneration framework:

- Provide competitive rewards to attract higher calibre executives
- Link executive rewards to shareholder value
- Allocate a significant portion of executive remuneration "at risk", dependant upon meeting pre-determined performance benchmarks
- Establish appropriate, demanding performance hurdles in relation to variable executive remuneration

Remuneration Committee

The Remuneration Committee of the Board of Directors of the company is responsible for reviewing and making recommendations to the Board on compensation arrangements for the non-executive directors, the Managing Director and the executive management team.

The Remuneration Committee assesses the appropriateness of the nature and amount of remuneration of directors and senior managers on a periodic basis by reference to relevant employment market conditions with the overall objective of ensuring maximum stakeholder benefit from the retention of a high quality board and executive team.

REMUNERATION REPORT (Continued)

Remuneration Structure

In accordance with the ASX Corporate Governance Council Best Practice Recommendations, the structure of non-executive director and senior manager remuneration is separate and distinct.

Non-Executive Director Remuneration

Objective

The Board seeks to set aggregate remuneration at a level which provides the company with the ability to attract and retain directors of the highest calibre, whilst incurring a cost which is acceptable to shareholders.

Structure

The Constitution and the ASX Listing Rules specify that the aggregate remuneration of non-executive directors shall be determined from time to time by a general meeting. An amount not exceeding the amount determined is then divided between the directors as agreed. The latest determination was at the Annual General Meeting held on 20 November 2001 when shareholders approved an aggregate remuneration of \$600,000 per year.

The amount of aggregate remuneration sought to be approved by shareholders and the manner in which it is apportioned amongst directors is reviewed annually. The Remuneration Committee undertakes this review and makes recommendations to the Board after taking into consideration the advice from external consultants as well as the fees paid to non-executive directors of comparable companies.

Each director receives a fee for being a director of the company. An additional fee is also paid for each board committee on which a director sits. The payment of additional fees for serving on a committee recognises the additional time commitment required by directors who serve on one or more sub committees.

Non-executive directors have long been encouraged by the board to hold shares in the company (purchased by the director on market). It is considered good governance for directors to have a stake in the company whose board he or she sits.

Non-executive Directors are entitled to retirement benefits after serving a minimum service period of three years with the Company. The amount of the retirement benefit will not exceed the maximum limit of three years remuneration, as set out in Section 200G of the Corporations Act 2001. The entitlement to retirement benefits will accrue on a pro-rata basis, over a period of nine years, commencing after the minimum service period of three years. The minimum service period will commence from, either the date of the Company's public listing in September 1997, or the date of the Director's appointment, whichever is the later. The Directors Retirement Benefit Plan is frozen to the current serving non-executive directors and will not be extended to new non-executive directors appointed to the Board. Cumulatively an amount of \$1,100,000 (2004: \$940,000) has been provided as at 30 June 2005 and \$160,000 (2004: \$160,000) expensed in the current year.

The remuneration of non-executive directors for the financial year ended 30 June 2005 is detailed in table 1 of this Report.

REMUNERATION REPORT (Continued)

Executive Directors and Executive Remuneration

Objective

The company aims to reward executives with a level and mix of remuneration commensurate with their position and responsibilities within the company and so as to:

- Reward executives for company, business unit and individual performance against targets set by reference to appropriate benchmarks
- Align the interests of executives with those of shareholders;
- Link reward with the strategic goals and performance of the company; and
- Ensure total remuneration is competitive by market standards

Structure

In determining the level and make-up of executive remuneration, the Remuneration Committee has engaged the services of external consultants to provide independent advice on market levels of remuneration for comparable executive roles.

An employment contract has been entered into with the Executive Managing Director, the details of which are provided later in this report. No other executives have written employment contracts.

Remuneration consists of the following key elements:

- Fixed Remuneration
- Variable remuneration
 - Short Term Incentive (STI) and
 - Long Tern Incentive (LTI)

The proportion of fixed remuneration and variable remuneration (potential short term and long term incentives) is established for each executive by the Remuneration Committee. Table 2 on this Report details the fixed and variable components of the 5 most highly remunerated executives, for the financial year ended 30 June 2005.

Fixed Remuneration - Base Salary

Objective

The level of fixed remuneration is set so as to provide a base level of remuneration, which is both appropriate to the position and competitive in the market.

Fixed remuneration is reviewed annually by the Remuneration Committee with reference to each executive's company wide, business unit, and individual performance, as well as relevant comparative Remuneration in the market. As noted above, the Remuneration Committee in setting and reviewing the Fixed Remuneration level of each executive has access to external advice independent of management.

Structure

Executives are given the opportunity to receive their fixed (primary) remuneration in a variety of forms including cash and fringe benefits such as motor vehicles and expense payment plans. It is intended that the manner of payment chosen will be optimal for the recipient without creating undue cost for the company.

REMUNERATION REPORT (Continued)

Variable remuneration – Short term Incentive (STI)

Objective

The objective of the STI program is to link the achievement of the company's operational targets with the remuneration received by the executives charged with meeting those targets. The total potential STI available is set at a level so as to provide sufficient incentive to the executive to achieve the operational targets and such that the cost to the company is appropriate in the circumstances.

Structure

Formal STI guidelines have been set by the Remuneration Committee for each member of the senior executive management team, including the Managing Director, the Finance Director, the Chief Operating Officer and the Business Development Manager. Under these guidelines the potential STI has been set as a fixed percentage of the total remuneration package. STI for all other executives below the executive management team are made on a discretionary basis.

STI grants are linked to an executive's actual performance as measured by specific operational targets set at the beginning of the financial year. Payment of the STI grants depend upon the extent to which the specific operational targets are met. Operational targets consist of a number of Key Performance Indicators (KPIs) covering both financial and non-financial measures of performance, such as actual to budget performance, contributions to net profit, team leadership, strategic development and risk management. The company has predetermined benchmarks which must be met in order to trigger payments under the short term incentive scheme.

The aggregate of annual STI payments available for executives across the company is subject to the approval of the Remuneration Committee. Payments made are usually delivered as a cash bonus.

Variable Pay - Long Term Incentive (LTI)

Objective

The objective of the LTI plan is to reward senior executives in a manner which aligns this element of remuneration with the creation of shareholder wealth.

As such LTI grants are only made to executives who are able to influence the generation of shareholder wealth and thus have a direct impact on the company's performance against the relevant long term performance hurdle.

Structure

LTI grants to executives are delivered in the form of both equity based performance rights and cash settled incentive rights ('rights').

The company uses a relative Total Shareholder Return (TSR) as the performance hurdle for the long term incentive plan. The use of a relative TSR based hurdle is currently market best practice as it ensures an alignment between comparative shareholder return and reward for executives.

REMUNERATION REPORT (Continued)

Variable Pay – Long Term Incentive (LTI) (Continued)

Structure (Continued)

In assessing whether the performance hurdles have been met, the TSR for the company is ranked and measured against the TSR for the last 100 companies in the ASX 200 index for the relevant performance period. If the performance hurdle is not achieved on the first test date, the unvested rights will be rolled forward for retesting on two more occasions at six monthly intervals. The amount of rights that vest in relation to the company's TSR ranking is set out in the table below:

Ramsay Health Care Group's TSR Performance % of share rights available to vest

- Less than 50% relative to the TSR Ranking Group
- 50% relative to the TSR Ranking Group
- 50% to 75% relative to the TSR Ranking Group
- Equal to or greater then 75%

- Nil
- 50%
- Between 50% and 100% increasing on a straight line basis
- 100%

Table 3 of this Report provides details of the performance and incentive rights granted, the value of the rights, vesting periods and lapsed rights under the LTI Plan.

Company Performance

The Graph below shows the performance of the company as measured by the company's TSR, compared to the ASX 200 and ASX 200 Healthcare indices.

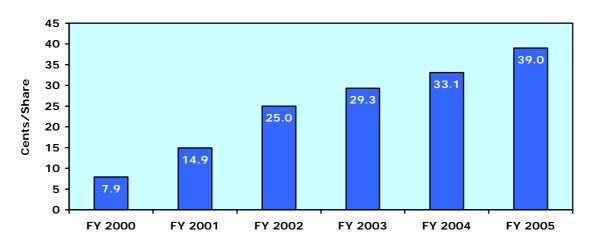

REMUNERATION REPORT (Continued)

Variable Pay - Long Term Incentive (LTI) (Continued)

Company Performance (Continued)

The performance of the company is also reflected in the graph below which shows the company's Core EPS History for the past six years (including the current period).

Core Earnings Per Share

Employment Contracts

The Managing Director, Mr Grier is employed under a three-year employment contract, which commenced on 1 July 2005 and terminates on 30 June 2008.

Under the terms of the contract:

- The agreement will terminate at the conclusion of the three-year term on 30 June 2008.
- The Company may, by giving notice at least six months prior to the termination, negotiate an extension of the contract for a further twelve months on the same terms and conditions unless otherwise agreed in writing.
- Neither Mr Grier nor the Company may terminate the contract during the term of the contract, except in the event of serious misconduct. In the case of serious misconduct the Company may terminate the contract at any time without notice.
- Mr Grier will, subject to certain Board criteria, be entitled to a retirement benefit equivalent to two years base remuneration.

Notes:

- Retirement Benefits are frozen to current serving non-executive directors, and will not be extended to new non-executive directors.
- (2) STI Bonuses paid during the year were granted in respect of performance in the 2004 Financial Year and in respect of the successful completion of the Affinity transaction in April 2005.

Table 3. Performance and Incentive Rights - Audited

At 30 June 2005 there were:

- a) 321,428 cash settled incentive rights granted under the Executive Incentive Rights Plan. Refer to note 23 of the financial statements for further details of the rights outstanding.
- b) 694,928 performance rights granted under the equity based Executive Performance Rights Plan. Refer to note 23 of the financial statements for further details of the rights outstanding.

REMUNERATION REPORT (Continued)

Fair Values of Incentive Rights (Cash Settled)

The fair value of each incentive right is estimated on the date of grant using a Binomial option-pricing model with the following weighted average assumptions used for grants made on 6 January 2004 and 12 September 2004:

	Granted 12-Sep-04	Granted 6-Jan-04
Dividend yield	2.43%	2.43%
Expected volatility	20% to 25%	25% to 30%
Historical volatility	35%	35%
Risk-free interest rate	5.10%	5.10%
Effective life of incentive right	3 years	3 years

The dividend yield reflects the assumption that the current dividend payout will continue with no anticipated increases. The expected life of the rights is based on historical data and is not necessarily indicative of exercise patterns that may occur. The expected volatility reflects the assumption that the historical volatility is indicative of future trends, which may also not necessarily be the actual outcome.

The resulting weighted average fair values per incentive right for those rights vesting after 6 January 2004 are:

Number of Rights	Grant date	Vesting date	Weighted average fair value
160,714	6-Jan-2004	6-Jan-2007	\$8.16 *
160,714	12-Sep-2004	12-Sep-2007	\$7.74 *
<u>321,428</u>	_	_	

Currently, these fair values are recognised as expenses in the financial statements resulting in an employee benefits expense of \$459,778 (2004: \$88,882) for the 2005 financial year. Note that no adjustments to these amounts have been made to reflect estimated or actual forfeitures (i.e. incentive rights that do not vest).

Fair Values of Performance Rights (Equity)

The fair value of each performance right is estimated on the date of grant using a Binomial option-pricing model with the following weighted average assumptions used for grants made on 6 January 2004 and 12 September 2004:

	Granted 12-Sep-04	Granted 6-Jan-04
Dividend yield	3.11%	3.7%
Expected volatility	20% to 25%	25% to 30%
Historical volatility	35%	35%
Risk-free interest rate	5.27%	5.95%
Effective life of incentive right	3 years	3 years

The dividend yield reflects the assumption that the current dividend payout will continue with no anticipated increases. The expected life of the rights is based on historical data and is not necessarily indicative of exercise patterns that may occur. The expected volatility reflects the assumption that the historical volatility is indicative of future trends, which may also not necessarily be the actual outcome.

^{*} Fair value at 30 June 2005.

REMUNERATION REPORT (Continued)

Fair Values of Performance Rights (Equity) (Continued)

The resulting weighted average fair values per incentive right for those rights vesting after 6 January 2004 are:

Number of Rights	Grant date	Vesting date	Weighted average fair value
310,714	6-Jan-2004	6-Jan-2007	\$2.80 *
384,214	12-Sep-2004	12-Sep-2007	\$4.32 *
694,928			

Currently, these fair values are not recognised as expenses in the financial statements. Should they have been recognised, they would have resulted in an employee benefits expense of \$843,267 (2004: \$144,825) for the 2005 financial year. Note that no adjustments to these amounts have been made to reflect estimated or actual forfeitures (i.e. incentive rights that do not vest).

DIRECTORS' MEETINGS

The numbers of meetings of directors (including meetings of committees of directors) held during the year and the number of meetings attended by each director were as follows:

	Directors'	Meetings	Meetings of Committees		
	Scheduled	Special	Audit	Remuneration	Risk Management Committee
Number of Meetings held:	11	8	7	6	11
Number of Meetings attended;					
P.J. Ramsay	9	8			
M.S. Siddle	11	8		6	
M.L. Brislee	10	8			10
A.J. Clark	11	8	7		
P.J. Evans	11	8	7	6	11
I.P.S. Grier	11	8			8
R.H. McGeoch	11	8		6	
K.C.D. Roxburgh	11	8	7		
B.R. Soden	11	8			

^{*} Fair value at grant date.

COMMITTEES

As at the date of this report, the company had the following three committees:

Committee	Members
-----------	---------

Audit Committee Messrs Evans, Roxburgh, Clark Remuneration Committee Messrs McGeoch, Evans, Siddle

Risk Management Committee Messrs Evans, McGeoch (alternative), Grier,

Mrs Brislee

Further information in relation to the above committees is disclosed in the Corporate Governance Statement included in the Annual Report.

ROUNDING

The amounts contained in this report and in the financial report have been rounded off under the option available to the Company under ASIC Class Order 98/0100. The company is an entity to which the Class Order applies.

ENVIRONMENTAL REGULATION AND PERFORMANCE

The consolidated entity holds licences from the Environment Protection Regulatory Bodies applicable to Hospitals for the maintenance of a safe environment. The Directors are not aware of any breaches of these licences.

TAX CONSOLIDATION

Effective 1 July 2003, for the purposes of income taxation, Ramsay Health Care Ltd and its 100% owned subsidiaries have formed a tax consolidated group. Members of the group have committed to entering into a tax sharing arrangement in order to allocate income tax expense to the wholly-owned subsidiaries on a pro-rata basis.

Ramsay Health Care Ltd acquired 100% of the share capital of Affinity Holdings SARL on 14 April 2005. As Affinity Holdings SARL was not a resident company of Australia as at 30 June 2005, it is not included in the tax consolidated group of Ramsay Health Care Ltd and its 100% owned subsidiaries. Affinity Holdings SARL became a resident Australian Company in August 2005.

NON-AUDIT SERVICES

During the year, the Company's auditor, Ernst & Young, provided certain non-audit services to the Company and group entities in addition to their statutory audit services for fees totalling \$556,012. Those non-audit services consisted of:

•	Acquisition due diligence	\$296,821
•	AIFRS advice	\$15,000
•	Risk assurance	\$72,731
•	Share Plan	\$9,600
		\$394,152
•	Taxation advice and compliance	<u>\$161,860</u>
		<u>\$556,012</u>

Fees for audit and audit-related services provided by the auditor during the year totalled \$1,026,765. The audit-related services component of that amount was \$10,350, consisting of special purpose audit reports.

In addition, Ernst & Young Transaction Advisory Services Limited (EYTA), a company controlled by Ernst & Young, provided advice to the Company during the year in connection with the Company's acquisition of Affinity Holdings SARL (Affinity Transaction) and the divestment of certain of the Affinity hospitals following completion of that transaction. EYTA was paid \$1,500,000 during the year for work related to the acquisition. Additional fees of \$600,000 for divestment related work performed up to 30 June 2005 had not been billed by

NON-AUDIT SERVICES (Continued)

EYTA at 30 June 2005. Further costs have been incurred by EYTA subsequent to 30 June 2005 in relation to that transaction. Details of the amounts paid to EYTA are also set out in note 29 to the consolidated financial statements.

In accordance with advice from the Company's Audit Committee, the directors are satisfied that the provision of non-audit services during the year by Ernst & Young is compatible with the general standard of independence for auditors imposed by the Corporations Act 2001. Also in accordance with advice from the Company's Audit Committee, the directors are satisfied that the provision of those non-audit services did not compromise the auditor independence requirements of the Corporations Act 2001 because:

- they have no reason to question the veracity of the auditor's independence declaration referred to in the immediately following section of this report;
- safeguards designed to ensure the integrity and objectivity of the auditor are in place which have been reviewed by the Audit Committee; and
- The non-audit services provided did not undermine the general principles relating to audit independence as set out in Professional Statement F1 Professional Independence, as they did not involve reviewing or auditing the auditor's own work, acting as in a management or decision making capacity for the Company or acting as an advocate for the Company.
- In relation to the Affinity transaction, independent accountants, actuaries and valuers have reviewed, and as appropriate will continue to review, the relevant assets and liabilities arising from the Transaction.

Details of the amounts paid for audit and non-audit services provided during the year are set out in note 29 to the consolidated financial statements.

Auditor's Independence Declaration

The Auditor's Independence Declaration (made under section 307C of the Corporations Act 2001) is set out on page 18 and forms part of this report.

AUDITOR'S INDEPENDENCE DECLARATION TO THE DIRECTORS OF RAMSAY HEALTH CARE LIMITED

In relation to our audit of the financial report of Ramsay Health Care Limited, for the financial year ended 30 June 2005, to the best of my knowledge and belief, there have been no contraventions of the auditor independence requirements of the Corporations Act 2001 or any applicable code of professional conduct.

CORPORATE GOVERNANCE

In recognition of the need for the highest standards of corporate behaviour and accountability, the Directors of Ramsay Health Care Limited have reviewed the Company's current corporate governance policies in the light of the Australian Stock Exchange Corporate Governance Council best practice recommendations. Further information in relation to corporate governance is disclosed in the corporate governance statement included in the Annual Report.

Signed in accordance with a resolution of the Directors.

P.J. RAMSAY Chairman

Independent audit report to members of Ramsay Health Care Limited

Scope

The financial report and directors' responsibility

The financial report comprises the statement of financial position, statement of financial performance, statement of cash flows, accompanying notes to the financial statements, and the directors' declaration for Ramsay Health Care Limited (the company) and the consolidated entity, for the year ended 30 June 2005. The consolidated entity comprises both the company and the entities it controlled during that year.

The company has disclosed information about the remuneration of directors and executives ("remuneration disclosures"), as required by Accounting Standard 1046 *Director and Executive Disclosures by Disclosing Entities*, under the heading, "remuneration report" in pages 12 to 15 of the directors' report, as permitted by the *Corporations Regulations* 2001.

The directors of the company are responsible for preparing a financial report that gives a true and fair view of the financial position and performance of the company and the consolidated entity, and that complies with Accounting Standards in Australia, in accordance with the *Corporations Act 2001*. This includes responsibility for the maintenance of adequate accounting records and internal controls that are designed to prevent and detect fraud and error, and for the accounting policies and accounting estimates inherent in the financial report. The directors are also responsible for the remuneration disclosures contained in the directors' report.

Audit approach

We conducted an independent audit of the financial report in order to express an opinion on it to the members of the company. Our audit was conducted in accordance with Australian Auditing Standards in order to provide reasonable assurance as to whether the financial report is free of material misstatement and the remuneration disclosures comply with Accounting Standard AASB 1046 and the *Corporations Regulations 2001*. The nature of an audit is influenced by factors such as the use of professional judgement, selective testing, the inherent limitations of internal control, and the availability of persuasive rather than conclusive evidence. Therefore, an audit cannot guarantee that all material misstatements have been detected.

We performed procedures to assess whether in all material respects the financial report presents fairly, in accordance with the *Corporations Act 2001*, including compliance with Accounting Standards in Australia, and other mandatory financial reporting requirements in Australia, a view which is consistent with our understanding of the company's and the consolidated entity's financial position, and of their performance as represented by the results of their operations and cash flows and whether the remunerations disclosures comply with Accounting Standard AASB 1046 and the *Corporations Regulations 2001*.

We formed our audit opinion on the basis of these procedures, which included:

- examining, on a test basis, information to provide evidence supporting the amounts and disclosures in the financial report, and
- assessing the appropriateness of the accounting policies and disclosures used and the reasonableness of significant accounting estimates made by the directors.

While we considered the effectiveness of management's internal controls over financial reporting when determining the nature and extent of our procedures, our audit was not designed to provide assurance on internal controls.

We performed procedures to assess whether the substance of business transactions was accurately reflected in the financial report and the remuneration disclosures. These and our other procedures did not include consideration or judgement of the appropriateness or reasonableness of the business plans or strategies adopted by the directors and management of the company.

Independence

We are independent of the company and the consolidated entity, and have met the independence requirements of Australian professional ethical pronouncements and the *Corporations Act 2001*. We have given to the directors of the company a written Auditor's Independence Declaration. The Auditors' Independence Declaration would have been expressed in the same terms if it had been given to the directors at the date this audit report was signed. In addition to our audit of the financial report and remuneration disclosures, we were engaged to undertake the services disclosed in the notes to the financial statements. The provision of these services has not impaired our independence.

Audit opinion

In our opinion:

- 1. the financial report of Ramsay Health Care Limited is in accordance with:
- (a) the Corporations Act 2001, including:
 - (i) giving a true and fair view of the financial position of Ramsay Health Care Limited and the consolidated entity at 30 June 2005] and of their performance for the year ended on that date; and
 - (ii) complying with Accounting Standards in Australia and the Corporations Regulations 2001; and
- (b) other mandatory financial reporting requirements in Australia.
- 2. the remuneration disclosures that are contained in pages 12 to 15 of the directors report comply with accounting standard AASB 1046 and the *Corporations Regulations 2001*.

RAMSAY HEALTH CARE LIMITED DIRECTORS' DECLARATION

In accordance with a resolution of the directors of Ramsay Health Care Limited, we state that:

- 1 In the opinion of the directors:
- (a) the financial statements and notes of the Company and of the consolidated entity are in accordance with the Corporations Act 2001, including:
 - (i) giving a true and fair view of the Company's and consolidated entity's financial position as at 30 June 2005 and of their performance for the year ended on that date; and
 - (ii) complying with Accounting Standards and Corporations Regulations 2001; and
- (b) there are reasonable grounds to believe that the Company will be able to pay its debts as and when they become due and payable.
- This declaration has been made after receiving the declaration provided by the Managing Director and the Finance Director required to be made to the directors in accordance with section 295A of the Corporations Act 2001 for the financial period ending 30 June 2005.

On behalf of the Board

P.J. RAMSAY Chairman

Sydney, 27 September 2005

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The principal accounting policies adopted by the Group are set out below:

(a) Basis of Accounting

The financial report has been prepared in accordance with the historical cost convention, except for property and certain plant and equipment, measured at fair value.

The financial report is a general-purpose financial report, which has been prepared in accordance with the requirements of the Corporations Act 2001 which includes applicable Accounting Standards. Other mandatory professional reporting requirements (Urgent Issues Group Consensus Views) have also been complied with.

(b) Changes in Accounting Policy

The accounting policies adopted are consistent with those of the previous year.

(c) Principles of Consolidation

The consolidated financial statements are those of the consolidated entity, comprising Ramsay Health Care Limited (the parent entity) and all entities which Ramsay Health Care Limited controlled from time to time during the year and at balance date.

Information from the financial statements of subsidiaries is included from the date the parent company obtains control until such time as control ceases. Where there is loss of control of a subsidiary, the consolidated financial statements include the results for the part of the reporting period during which the parent company has control.

Subsidiary acquisitions are accounted for using the purchase method of accounting.

All intercompany balances and transactions including unrealised profits arising from intra-group transactions, have been eliminated in full. Unrealised losses are eliminated unless costs cannot be recovered.

(d) Foreign Currencies

Exchange of foreign currency transactions

Transactions in foreign currencies of entities within the consolidated entity are converted to local currency at the rate of exchange ruling at the date of the transaction.

Amounts payable to and by the entities within the consolidated entity that are outstanding at the balance date and are denominated in foreign currencies have been converted to local currency using rates of exchange ruling at the end of the financial year, or where applicable the contractual exchange rate.

All exchange differences arising on settlement or restatement are brought to account in determining the profit or loss for the financial period.

Translation of financial reports of overseas operations

All overseas operations are deemed self sustaining, as each is financially and operationally independent of Ramsay Health Care Limited. The financial reports of overseas operations are translated using the current rate method and any exchange differences are taken directly to the foreign exchange translation reserve.

(e) Cash

Cash on hand and in banks and short-term deposits are stated at nominal value.

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

(e) Cash (Continued)

For the purposes of the Statement of Cash Flows, cash includes cash on hand and in banks, and money market investments readily convertible to cash within two working days, net of outstanding bank overdrafts and restricted cash.

(f) Trade and Other Receivables

Trade receivables are recognised and carried at original invoice amount less a provision for any uncollectable debts. An estimate for doubtful debts is made when collection of the full amount is no longer probable. Bad debts are written-off as incurred. Interest is taken up as income on an accrual basis.

(g) Inventories

Inventories are recorded using the FIFO method and valued at the lower of cost and net realisable value. Inventories include medical and food supplies to be consumed in providing future patient services.

(h) Investments

Investments are valued at the lower of cost and recoverable amount. Dividends, distributions, and interest are brought to account when received.

(i) Recoverable Amount

Non current assets measured using the cost basis are not carried at an amount above their recoverable amount, and where carrying values exceed this recoverable amount assets are written down. In determining recoverable amount the expected net cash flows have been discounted to their present value, using a market determined risk adjusted discount rate.

(j) Property, Plant and Equipment

Cost and Valuation

Property, plant and equipment, including land and buildings of licensed private hospitals are measured on a fair value basis. At each reporting date, the value of each asset in these classes is reviewed to ensure that it does not differ materially from the assets fair value at that date. Where necessary, the asset is revalued to reflect its fair value. Any surplus on revaluation is credited directly to the asset revaluation reserve and excluded from income. Any net downward revaluation of the class of assets in excess of the asset revaluation reserve previously recognized for that class of asset, is recognised as an expense. Potential capital gains tax on assets acquired after the introduction of capital gains tax has not been taken into account in determining the fair value. All other classes of property, plant and equipment are measured at cost.

The cost of property, plant and equipment constructed within the Group includes the cost of materials, direct labour and an appropriate proportion of fixed and variable overhead. Interest payable and related borrowing costs are capitalised on qualifying assets having a total value in excess of \$100,000, subject to the overall effect of such capitalisation not being to overstate the recoverable amount of such asset. Costs related to development projects are capitalised from the time the Company becomes the successful tenderer.

Any gain or loss on the disposal of assets, including revalued assets, is determined as the difference between the carrying amount of the asset at the time of disposal and the proceeds from disposal and is included in the results of the Group in the period of disposal.

Depreciation

All property, plant and equipment including capitalised leasehold assets, but excluding freehold land are depreciated over their estimated useful lives commencing from the time the asset is held ready for use. Leasehold improvements are amortised over the shorter of either the unexpired period of the lease or the estimated useful lives of the improvements. Costs of renewal and replacement of surgical instruments are charged directly against revenue.

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Depreciation (continued)

Hospital and bed licences are stated at fair value and no amortisation has been provided against these assets as the Directors believe that the life of such licences is of such duration, and the residual value would be such that the amortisation charge, if any, would not be material.

Depreciation is provided on a straight line basis on all property, plant and equipment other than freehold land.

Major depreciation periods are:

- Buildings and integral plant
- Leasehold improvements
- Plant and equipment, other than plant integral to buildings
- 40 years
- over lease term
- various periods not exceeding 10 years

There has been no change in the depreciation periods from prior year.

(k) Intangible Assets

Goodwill

Purchased goodwill and goodwill arising on consolidation represents the excess of the purchase consideration over the fair value of identifiable net assets acquired at the time of acquisition of a business or shares in a controlled entity.

Goodwill is amortised on a straight line basis over the period during which benefits are expected to be received. These periods range between 10 and 20 years.

(I) Trade, Other Payables, Sundry Creditors and Accrued Expenses

Liabilities for trade creditors and other amounts are carried at cost which is the fair value of the consideration to be paid in the future for goods and services received, whether or not billed to the consolidated entity.

Payables to related parties are carried at the principal amount. Interest when charged by the lender, is recognised as an expense on an accrual basis.

Deferred cash settlements are recognised at the principal amount of the outstanding consideration payable on the acquisition of an asset.

(m) Interest Bearing Liabilities

All loans are measured at the principal amount. Interest is charged as an expense as it accrues.

(n) Leases

Leases are classified at their inception as either operating or finance leases based on the economic substance of the agreement so as to reflect the risks and benefits incidental to ownership.

Operating Leases

The minimum lease payments of operating leases, where the lessor effectively retains substantially all of the risks and benefits of ownership of the leased item, are recognised as an expense on a straight line basis.

Finance Leases

Finance lease liability is determined in accordance with the requirements of AASB 1008 "Leases".

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Leases which effectively transfer substantially all of the risks and benefits incidental to ownership of the leased item to the Group are capitalised at the present value of the minimum lease payments and disclosed as property, plant and equipment under lease. A lease liability of equal value is also recognised.

Capitalised lease assets are depreciated over the shorter of the estimated useful life of the assets and the lease term. Minimum lease payments are allocated between interest expense and reduction of the lease liability with the interest expense calculated using the interest rate implicit in the lease and charged directly to the statement of financial performance.

The cost of improvements to or on leasehold property is capitalised, disclosed as leasehold improvements, and amortised over the unexpired period of the lease or the estimated useful lives of the improvements, whichever is the shorter.

(o) Employee Benefits

Provision is made for employee benefits accumulated as a result of employees rendering services up to the reporting date. These benefits include wages and salaries, annual leave and long service leave.

Liabilities arising in respect of wages and salaries, annual leave and any other employee benefits expected to be settled within twelve months of the reporting date are measured at their nominal amounts based on remuneration rates which are expected to be paid when the liability is settled. All other employee benefit liabilities are measured at the present value of the estimated future cash outflow to be made in respect of services provided by employees up to the reporting date. In determining the present value of future cash outflows, the market yield as at the reporting date on national government bonds, which have terms to maturity approximating the terms of the related liability are used.

Employee benefit expenses and revenues arising in respect of the following categories:

wages and salaries, non-monetary benefits, annual leave, long service leave and other leave entitlements; and other types of employee benefits;

are recognised against profits on a net basis in their respective categories.

The chief entity and controlled entities contribute to industry and individual superannuation funds. The entity contributes to the funds at various agreed contribution levels, which are not less than the statutory minimum. Any contributions made to the superannuation plans are recognised against profits when due.

The value of the employee share rights scheme described in note 23 is not being charged as an employee benefits expense.

(p) Revenue Recognition

Revenue is recognised to the extent that it is probable that the economic benefits will flow to the entity and the revenue can be reliably measured. The following specific recognition criteria must also be met before revenue is recognised:

Patient Revenue

Revenue from services is recognised on the date on which the services were provided to the patient.

Interest

Interest is accrued on a daily basis based on the principal amount and prevailing interest rate.

Dividends

Dividends are recognised when received.

Rental Revenue

Rental income is recognised on an accruals basis.

Grants

Grants are recognised when cash is received.

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

(q) Taxes

Income Tax

Tax-effect accounting is applied using the liability method whereby income tax is regarded as an expense and is calculated on the accounting profit after allowing for permanent differences. To the extent timing differences occur between the time items are recognised in the financial statements and when items are taken into account in determining taxable income, the net related taxation benefit or liability, calculated at current rates, is disclosed as a future income tax benefit or a provision for deferred income tax. The net future income tax benefit relating to tax losses and timing differences is not carried forward as an asset unless the benefit is virtually certain of being realised.

Where assets are revalued no provision for potential capital gains tax has been made.

The income tax expense for the year is calculated using the 30% tax rate.

Goods and Services Tax (GST)

Revenues, expenses and assets are recognised net of the amount of GST except:

- where the GST incurred on a purchase of goods and services is not recoverable from the taxation authority, in which case the GST is recognised as part of the cost of acquisition of the asset or as part of the expense item as applicable; and
- receivables and payables are stated with the amount of GST included.

The net amount of GST recoverable from, or payable to, the taxation authority is included as part of receivables or payables in the Statement of Financial Position.

Cash flows are included in the Statement of Cash Flows on a gross basis and the GST component of cash flows arising from investing and financing activities, which is recoverable from, or payable to, the taxation authority are classified as operating cash flows.

Commitments and contingencies are disclosed net of the amount of GST recoverable from, or payable to, the taxation authority.

(r) Earnings per Share (EPS)

Basic EPS is calculated as net profit attributable to members, adjusted to exclude costs of servicing equity (other than dividends) and preference share dividends, divided by the weighted average number of ordinary shares, adjusted for any bonus element.

Diluted EPS is calculated as net profit attributable to members, adjusted for:

- costs of servicing equity (other than dividends) and preference share dividends;
- the after tax effect of dividends and interest associated with dilutive potential ordinary shares that have been recognised as expenses; and
- other non-discretionary changes in revenues or expenses during the period that would result from the dilution of potential ordinary shares;

divided by the weighted average number of ordinary shares and dilutive potential ordinary shares, adjusted for any bonus element.

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

(s) Provisions

Provisions are recognised when the economic entity has a legal, equitable or constructive obligation to make a future sacrifice of economic benefits to other entities as a result of past transactions or other past events, it is probable that a future sacrifice of economic benefits will be required and a reliable estimate can be made of the amount of the obligation.

A provision for dividends is not recognised as a liability unless the dividends are declared on or before balance date.

(t) Insurance

Insurance policies are entered into to cover the various insurable risks. These policies have varying levels of deductibles.

Medical Malpractice Insurance

A provision is made to cover excesses arising under the Medical Malpractice Insurance Policy. This provision is actuarially assessed at each reporting period.

Insurance Funding

Insurance premiums are prepaid at the beginning of each insurance period through an external insurance financier. The insurance premiums are expensed over the period.

(u) Contributed equity

Issued and paid up capital is recognised at the fair value of the consideration received by the Company.

Any transaction costs arising on the issue of ordinary shares are recognised directly in equity as a reduction of the share proceeds received.

(v) Derivative financial instruments

Interest rate swaps

Ramsay Health Care Ltd enters into interest rate swap agreements that are used to convert the variable interest rate of its long term borrowings to long term fixed interest rates. The swaps are entered into with the objective of reducing the risk of rising interest rates.

It is the company's policy not to recognise interest rate swaps in the financial statements. Net receipts and payments are recognised as an adjustment to interest expense.

(w) Accommodation Bond Liabilities

Liabilities for accommodation bonds are carried at cost.

(x) Comparatives

Where necessary, comparatives have been reclassified and repositioned for consistency with current year disclosures.

Tax consolidation

For the purposes of income taxation, Ramsay Health Care Limited and its 100% owned Australian subsidiaries, constitute an Australian tax consolidated group. Members of the group have entered into a tax sharing arrangement to allocate income tax expense to the wholly-owned subsidiaries on a pro-rata basis. The agreement also provides for the allocation of income tax liabilities between the entities should the head entity default on its tax payment obligations. The head entity of the tax consolidated group is Ramsay Health Care Limited.

Ramsay Health Care Limited acquired an indirect interest in the share capital of Affinity Health Holdings Australia Pty Limited and Affinity Health Finance Australia Pty Limited on 14 April 2005. As Affinity Health Holdings Australia Pty Limited and Affinity Health Finance Australia Pty Limited are not wholly-owned by Ramsay Health Care Limited as at 30 June 2005, they are not eligible to be included in the tax consolidated group of Ramsay Health Care Limited.

Affinity Health Holdings Australia Pty Limited and Affinity Health Finance Australia Pty Limited and their 100% owned Australian subsidiaries constitute a separate Australian tax consolidated group. The head entity of the Affinity Health tax consolidated group is Affinity Health Finance Australia Pty Limited.

	Consolidated		Ramsay Health Care Limited	
	2005 \$000	2004 \$000	2005 \$000	2004 \$000
5. DIVIDENDS PAID OR PROVIDED FOR ON ORDINARY SHARES AND CARES				
 (a) Ordinary dividends paid during the year: (i) Interim dividend paid Franked dividends – ordinary 				
(8.5 cents per share) (2004: 7.5 cents per share)	11,902	9,670	11,902	9,670
(ii) Previous year final dividend paid Franked dividends – ordinary				
(10 cents per share) (2004: 9 cents per share)	12,893	11,603	12,893	11,603
	24,795	21,273	24,795	21,273
(b) Ordinary dividend proposed and not recognised as a liability: Current year final dividend proposed Franked dividends – ordinary				
(11.5 cents per share) (2004: 10 cents per share)	19,594	12,893	19,594	12,893
(c) CARES dividend proposed and not recognised as a liability:				
20 October 2005 dividend proposed	6,382	-	6,382	-

Ramsay expects the dividends paid on CARES to be fully franked. If a dividend is not fully franked, the dividend will be grossed up to compensate for the unfranked component. If, on a Dividend Payment Date, the Australian corporate tax differs from the Australian corporate tax rate on the Allotment Date, the dividend will be adjusted downwards or upwards accordingly.

(d) Franking credit balance

The amount of franking credits available for the

subsequent financial year are:		
- franking account balance as at the end of the		
financial year at 30% (2004: 30%)	30,901	12,796
- franking credits that will arise from the payment		
of income tax payable as at the end of the		
financial year *	1,370	21,792
	32,271	34,588

As Ramsay Health Care Limited and its 100% owned Australian subsidiaries constitute a tax consolidated group, this represents the current tax payable for the group.

The tax rate at which paid dividends have been franked is 30% (2004: 30%). 100% of the proposed dividends will be franked at the rate of 30% (2004: 30%).

		306,545	74,773	2,674	74	

Terms and Conditions:

Trade debtors are carried at nominal amounts due less any provision for doubtful debts. A provision for doubtful debts is recognised when collection of the full nominal amount is no longer probable. Credit sales are mainly on 15 to 30 day terms, dependent on the conditions of specific contracts.

Concentration of Credit Risk:

The economic entity's maximum exposure to credit risk at balance date is the carrying value of those assets as indicated in the balance sheet. This does not take into account the value of any security held in the event of other entities/parties failing to perform their obligations under the financial instruments in question.

The economic entity's credit risk is low in relation to trade debtors because the majority of transactions are with the Government and Health Funds. Other debtors primarily relates to rental and ancillary services. Concentration of credit risk on trade debtors arise as follows:

Health funds
Government
Other

Consolidated Maximum Credit Risk Exposure					
_	tal Trade Debtors	\$00	0		
2005	2004	2005	2004

(a) Valuations

The fair values of hospital assets have been determined at 30 June 2005 by reference to director valuations, based upon independent valuations previously obtained. These independent valuations were performed on 30 June 2003. Such valuations are performed on an open market basis, being the amounts for which the assets could be exchanged between a knowledgeable willing buyer and a knowledgeable willing seller in an arm's length transaction at the valuation date.

(b) Assets pledged as security

Refer to note 28 and 30.

10. PROPERTY, PLANT AND EQUIPMENT (continued)

(c) Terms and conditions of CARES

Issuer	Ramsay Health Care Limited (ABN 57 001 288 768)
Security	Convertible Adjustable Rate Equity Securities (CARES) which are a non-cumulative,
	redeemable and convertible preference shares in Ramsay.
Face Value	\$100 Per CARES.
Dividends	The holder of each CARES is entitled to a preferred, non-cumulative, floating rate dividend
	equal to:
	Dividend Entitlement = <u>Dividend Rate x Face Value x N</u>
	365
	where:
	N is the number of days in the Dividend Period
	The payment of Dividends is at the Directors' discretion and is subject to there being funds
	legally available for the payment of Dividends and the restrictions which apply in certain
	circumstances under the financing arrangements.
	If declared, the first Dividend will be payable on each CARES in arrears on 20 October
	2005 and thereafter on each 20 April and 20 October until CARES are converted or
n! !! !n !	exchanged.
Dividend Rate	The Dividend Rate for each Dividend Period is calculated as:
	Dividend Rate = $(market Rate + Margin) x (1-T)$
	where:
	The Market Rate is the 180 day Bank Bill Swap Rate applying on the first day of the
	Dividend Period expressed as a percentage per annum.
	The Margin for the period to 20 October 2010 is 2.85% per annum. It was determined by
	the Bookbuild held on 26 April 2005. T is the prevailing Australian corporate tax rate applicable on the Allotment Date.
	If Ramsay does not convert or exchange by 20 October 2010 the Margin will be increased
	by a one time step up of 2.00% (200 basis points) per annum.
Step-up	One-time 2.00% (200 basis points) step-up in the Margin at 20 October 2010
Franking	Ramsay expects the Dividends paid on CARES to be fully franked. If a Dividend is not
Tunking	fully franked, the Dividend will be grossed up to compensate for the unfranked component.
	If, on a Dividend Payment Date, the Australian corporate tax differs from the Australian
	corporate tax rate on the Allotment Date, the Dividend will be adjusted downwards or
	upwards accordingly.
Conversion or	CARES have no maturity. Ramsay may convert or exchange some or all CARES at its
exchange by Ramsay	election for shares or \$100 in cash for each CARES on 20 October 2010 and each Dividend
i i i gi i j i i i i	Payment Date thereafter.
	Ramsay also has the right to:
	• convert or exchange CARES after the occurrence of a Regulatory Event; and
	• convert CARES on the occurrence of a Change in Control Event.
	Ramsay cannot elect to convert or exchange only some CARES if such conversion or
	exchange would result in there being less than \$50 million in aggregate Face Value of
	CARES on issue.

21. CONTRIBUTED EQUITY (Continued)

(c) Terms and conditions of CARES (Continued)

Conversion Ratio	The rate at which CARES will convert into Shares will be calculated by reference to the market price of Shares during 20 business days immediately preceding, but not including, the conversion date, less a conversion discount of 2.5%. An adjustment is made to the
	market price calculation in the case of a Change in Control Event. The Conversion Ratio for each CARES will not be greater than 400 shares.
Ranking	CARES rank equally amongst themselves in all respects and are subordinated to all creditors but rank in priority to Shares.
Participation	Unless CARES are converted into Shares, CARES confer no rights to subscribe for new shares in any fundraisings by Ramsay or to participate in any bonus or rights issues by Ramsay.
Voting Rights	CARES do not carry a right to vote at general meeting of Ramsay except in limited circumstances.

The economic entity has bank borrowing facilities available to the extent of \$1,504,000,000 (2004: \$575,000,000). At 30 June 2005 these facilities have been drawn down to \$1,376,000,000 (2004: \$225,000,000).

24. STATEMENT OF CASH FLOWS (continued)

(d) Acquisition of Benchmark Healthcare Group – July 2004

In July 2004 Ramsay Health Care Ltd acquired all the shares in Benchmark Healthcare Group. The acquisition was funded by debt and cash reserves.

Benchmark operates and manages 10 hospitals in Victoria and South Australia, comprising 980 hospital beds and 68 aged care beds. The Group has annual revenue of approximately \$200 million.

Of the 9 hospitals operated by Benchmark, four are owned outright and five are leased. One hospital is managed under a management contract whereby the owner retains full operator risk.

The purchase increased the number of facilities in Ramsay Health Care's portfolio to 35 and the number of licensed beds to approximately 4000.

(f) Acquisition of Four Aged Care Facilities from Ellis Aged Care – April 2005

In April 2005, Ramsay Health Care acquired four aged care facilities in Victoria from Ellis Aged Care for an outlay of \$38.5 million.

The facilities purchased include Bairnsdale Aged Care Facility, Lakeview Aged Care Facility (Lakes Entrance), Paynesville Aged Care Facility and Sale Aged Care Facility, which together have a total of 331 high care and low care places. The acquisition of these four facilities also includes the acquisition of vacant land adjoining some of the facilities, which provides Ramsay Health Care with expansion opportunities. The Ellis facilities have annual revenue of approximately \$15 million.

Ramsay Health Care funded the acquisitions using existing cash reserves and credit facilities.

24. STATEMENT OF CASH FLOWS (continued)

(i) Acquisition of Affinity Holdings SARL – April 2005

In April 2005 Ramsay Health Care Ltd acquired Affinity Holdings SARL for an Enterprise Value of approximately \$1.4 billion.

The acquisition was funded through an institutional placement, a 1-for-9 Accelerated Renounceable Entitlement Offer of shares to Ramsay shareholders, a preference share offer of Convertible Adjustable Rate Equity Securities and bank debt.

Affinity currently operates 48 hospitals across metropolitan and regional Australia and 3 hospitals in Indonesia. Affinity has annual revenue of approximately \$1.3 billion.

Pre-acquisition, Ramsay had 42 facilities throughout Australia including 36 private hospitals, 5 aged care facilities and 1 day surgery. The acquisition of Affinity provides Ramsay with a unique opportunity to expand significantly in its core private hospital business through one transaction and allow Ramsay to apply its successful hospital management expertise across a greater number of facilities for the benefit of its shareholders, doctors, patients and employees. Refer to subsequent event note 34 for further details regarding divestments.

(j) Acquisition of Home Care Services (HCS) – April 2005

In April 2005, Ramsay Health Care acquired Home Care Services (HCS), a residential homecare business operating in Adelaide, through it's subsidiary Glad Pty Limited for an outlay of \$1.5 million.

HCS operates one of the largest commercial home care businesses in South Australia. Established over 12 years ago, it has grown to have offices in Adelaide, Victor Harbour, Port Augusta and Tiwi Islands. HCS has annual revenue of approximately \$8 million.

The acquisition of HCS will give Ramsay Health Care a significant stake in the South Australian homecare market.

(k) Acquisition of controlled entity in prior year

On 7 January 2004, Ramsay Health Care Limited through its wholly owned subsidiary Ramsay Aged Care Holdings Pty Limited purchased the remaining 75 percent of Glad Pty Limited trading as Silver Circle for \$4,024,000.

Ramsay Health Care Limited through its wholly owned subsidiary Alpha Healthcare Pty Limited has owned 25 percent of Silver Circle for more than two years.

Silver Circle was established in 1991 and has fast become one of the largest home support businesses in Australia. It provides care and support to people with a wide range of needs, including the elderly, people recovering after a hospital stay or ill health, people who have had personal injuries, people with disabilities, carers of family members, parents of children with special needs and others.

Silver Circle has over 1,500 staff, offering a broad range of services to individual and corporate clients. These services include:

- Housekeeping and home care
- Personal care
- Respite care
- Monitoring the well being of at-risk clients
- Mobility assistance
- Home modifications and maintenance to assist independent living.

(d) Commitment to manage and operate the Mildura Base Hospital:

Ramsay Health Care Pty Limited has a 15 year agreement with Mildura Base Hospital Pty Limited to manage and operate the Mildura Base Hospital, in accordance with the Hospital Service Agreement between Mildura Base Hospital Pty Limited and the State of Victoria. Under this agreement Ramsay Health Care Australia Pty Limited takes full operator risk. The Hospital was opened on 19 September 2000.

26. SEGMENTAL INFORMATION

The consolidated entity operates in the private hospital industry segment, predominantly in the geographical segment of Australia.

27. SUPERANNUATION COMMITMENTS

The chief entity and controlled entities contribute to industry and individual superannuation funds established for the provision of benefits to employees of entities within the economic entity on retirement, death or disability. Benefits provided under these plans are based on contributions for each employee and for retirement are equivalent to accumulated contributions and earnings. All death and disability benefits are insured with various life assurance companies. The entity contributes to the funds at various agreed contribution levels, which are not less than the statutory minimum.

28. COMMITMENTS

During April 2005 the Consolidated entity signed a new 5 year bank facility for \$1.49 billion to replace and expand the existing banking facility. Under this facility the Consolidated entity is subject to a negative pledge and the facility is partially secured. There is also a bank facility in relation to the Indonesian operations. The total facility limit is IDR 107,596,500,000 (AUD 14,471,776). The termination date of the loan is 2 November 2009. Refer to note 30 for further details.

In addition to the above fees, Ernst & Young Transaction Advisory Services Limited (EYTA), a company controlled by Ernst & Young, provided advice to the company during the year in connection with the company's acquisition of Affinity Health Limited and the divestment of certain of the Affinity hospitals following completion of that transaction. EYTA was paid \$1,500,000 during the year for work related to the acquisition. Additional fees of \$600,000 for divestment related work performed up to 30 June 2005 had not been billed by EYTA at 30 June 2005. Further costs have been incurred by EYTA subsequent to 30 June 2005 in relation to that transaction.

30. BORROWINGS

(a) Accounting Policies

(i) Bilateral Facility and Bank Overdraft:

These facilities are carried at the principal amount. Interest is charged as an expense as it accrues.

(ii) Bank Loans:

The bank loans are carried at the principal amount. Interest is charged as an expense as it accrues.

(b) Terms and Conditions

i. Note Sale and Purchase Facility and Working Capital Facility

On 7 June 2005 the Ramsay Group entered into a Senior Sale and Purchase Agreement and related documents for the issue, sale and purchase of notes ("SSPA"). The SSPA has 2 Facilities, Facility A with a commitment amount of \$1,045,000,000 expiring April 2010 and Facility B with a commitment amount of \$350,000,000 expiring July 2006. The SSPA was jointly arranged on a fully underwritten basis by Australia and New Zealand Banking Group Limited ("ANZ") and National Australia Bank Limited ("NAB").

The proceeds of the initial issue and sale of notes under the SSPA documents were used to:

- repay the senior debt facility entered into on 13 April 2005 with ANZ and NAB, the proceeds of which were used to acquire the Affinity Group; and
- replace, refinance and expand existing banking facilities and financing arrangements of the Ramsay Group (including the Affinity Group).

The SSPA was syndicated on 29 June, 2005. The aggregate amount outstanding under the SSPA on 30 June 2005 was \$ 1,362,000,000.

30. BORROWINGS (Continued)

(b) Terms and Conditions

i. Note Sale and Purchase Facility and Working Capital Facility (Continued)

On 7 June 2005, the Ramsay Group also entered into a Working Capital Facility Agreement ("Working Capital Facility") with ANZ and NAB with a commitment amount of \$50,000,000. No amounts were drawn under the Working Capital Facility as at 30 June 2005.

The SSPA and the Working Capital Facility are fully secured. The Company and all wholly owned subsidiaries of the Company (except for dormant companies) have given guarantees and all asset security. The all asset security includes fixed and floating charges and specific property mortgages over freehold land (including improvements and fixtures thereon).

ii. Bilateral Facilities

These facilities were entered into in conjunction with the SSPA and its subsequent syndication, and are provided by ANZ, NAB and Westpac Banking Corporation ("Westpac").

The commitment limit under the ANZ facility for working capital is \$35,000,000; which comprises a cash advance facility, overdraft facility and indemnity/guarantee facility. A further transactional encashment facility is also provided which permits the encashment of payroll and other cheques at any ANZ branch.

The limit on the NAB facility for working capital is \$10,000,000; which comprises a cash advance facility, overdraft facility and indemnity/guarantee facility.

The Westpac facility comprises various transactional banking facilities including set-off and lease line facilities. Westpac also provides a bank guarantee facility with a limit of approximately \$4,000,000.

Under these facilities as at 30 June 2005 bank guarantees totalling \$32,236,195 had been issued.

iii. Indonesian Bank Loan

There is a bank loan with PT ANZ Panin Bank in place in relation to the three Indonesian hospitals. The total facility limit is IDR 107,596,500,000 (AUD 14,471,776). At 30 June 2005 the drawn amount is IDR 107,596,500,000 (AUD 14,471,776).

The interest rate is JIBOR plus 0.5% per annum. The loan termination date is 2 November 2009.

Security given under these facilities consists of:

Standby Letters of credit in the amount of AUD 16.5 million, IDR 107,596,500,000 (AUD 16.5 million equivalent at the first advance of 1 March 2004) and AUD 125,000 both issued by the ANZ Banking group Limited.

Movements in Directors' equity holdings

During the year:

- Mr P J Ramsay acquired indirectly through Paul Ramsay Holdings Pty Limited, 5,442,177 ordinary shares in a share issue approved by shareholders on 8 February 2005 and 911,455 ordinary shares in the 1 for 9 Rights issue.
- Mr M S Siddle acquired 1,667 ordinary shares in the 1 for 9 Rights issue.
- Mrs M L Brislee acquired 680 ordinary shares through the Share Purchase Plan and 2,409 ordinary shares in the 1 for 9 Rights issue.
- Mr A J Clark acquired 9,000 ordinary shares through the 1 for 9 Rights issue and sold 9,000 shares.
- Mr P J Evans acquired 680 ordinary shares through the Share Purchase Plan and 632 ordinary shares in the 1 for 9 Rights issue.
- Mr I P S Grier acquired 680 ordinary shares through the Share Purchase Plan and 8,575 ordinary shares in the 1 for 9 Rights issue, and sold 118,115 shares.
- Mr R H McGeoch acquired, indirectly through the McGeoch Superannuation Fund, 13,334 ordinary shares in the 1 for 9 Rights issue.
- Mr K C D Roxburgh acquired 7,223 ordinary shares through the 1 for 9 Rights issue and sold 10,000 shares.
- Mr B R Soden acquired 283 ordinary shares in the 1 for 9 Rights issue and acquired indirectly through the Soden Superannuation Fund, 317 ordinary shares in the 1 for 9 Rights issue.

All equity transactions with specified directors and specified executives other than those arising from the exercise of remuneration options have been entered into under terms and conditions no more favourable than those the entity would have adopted if dealing at arm's length.

Transactions with Directors of Ramsay Health Care Limited and the Group

• Entities associated with Mr Ramsay, Mr Siddle, Mr Clark and Mr Evans:

Paul Ramsay Holdings Pty Limited has a licence from the economic entity to occupy office space at a commercial arms length licence fee. In addition, any expenditure incurred on behalf of Paul Ramsay Holdings Pty Limited is charged at cost recovery plus a 5% margin. Total amount outstanding at 30 June 2005 is nil (2004: \$503).

During the year costs charged by Paul Ramsay Holdings Pty Limited, for services rendered to the Group amounted to \$120,000 (2004: \$120,000)

Other related party transactions within the wholly owned group

	2005 \$000	2004 \$000
Loans from Subsidiaries – non current - Interest free	3,146	15,498
Loans to Subsidiaries – non current - Interest free	607,212	18,235
Loans to Subsidiaries – current - Interest free	2,525	

32. EARNINGS PER SHARE

The following reflects the income and share data used in the calculations of basic and diluted earnings per share:

	2005 \$000	2004 \$000
Net profit	30,071	38,353
Earnings used in calculating basic and diluted earnings per share	30,071	38,353
	Number	of shares
Weighted average number of ordinary shares used in calculating basic earnings per share	138,826,061	128,808,131
Effect of dilutive securities: Share options Adjusted weighted average number of ordinary shares used in		
calculating diluted earnings per share	138,826,061	128,808,131
Basic earnings per share Diluted earnings per share	21.7c 21.7c	29.8c 29.8c

Effect of CARES dividend on earnings per share.

Subject to certain conditions, Holders of CARES will be entitled to Dividends that are due to be paid half-yearly in arrears on 20 April and 20 October each year, or if that day is not a business day, then the next Business Day. The first Dividend will be paid in respect of the period from the date on which CARES are first allotted to 20 October 2005.

For the year ending 30 June 2006, the CARES Dividend paid should be factored into the 'Earnings used in calculating basic and diluted earnings per share' ie:

Earnings used in calculating basic and diluted earnings per share = (Net profit <u>less</u> CARES dividend paid)

33. EVENTS AFTER THE BALANCE SHEET DATE

AGREEMENT TO SELL 14 HOSPITALS TO HEALTHSCOPE FOR \$490 MILLION

On 5 September 2005, Ramsay Health Care Limited announced it had entered an agreement with Healthscope Limited under which Healthscope will acquire 14 Affinity hospitals for total proceeds of \$490 million, conditional on the approval of the Australian Competition and Consumer Commission (ACCC).

Ramsay had previously given an undertaking to the ACCC to sell 14 hospitals to partially address competition issues associated with the \$1.4 billion acquisition of Affinity in April 2005.

The total purchase price includes a \$13.5 million payment for Transitional Services. In addition, Healthscope will reimburse Ramsay for development capital expenditure paid by Ramsay since the hospitals were purchased in April.

As part of the agreement, Healthscope has paid Ramsay a deposit of \$20 million which is only refundable in limited circumstances.

Any sale will also be subject to ACCC consent.

34. IMPACTS OF ADOPTING AUSTRALIAN EQUIVALENTS TO INTERNATIONAL FINANCIAL REPORTING STANDARDS

The Australian Accounting Standards Board (AASB) is adopting International Financial Reporting Standards (IFRS) for application to reporting periods beginning on or after 1 January 2005. The AASB has issued Australian equivalents to IFRS, and the Urgent Issues Group has issued interpretations corresponding to IASB interpretations originated by the International Financial Reporting Interpretations Committee or the former Standing Interpretations Committee. These Australian equivalents to IFRS are referred to hereafter as AIFRS. The adoption of AIFRS will be first reflected in the consolidated entity's financial statements for the half-year ending 31 December 2005 and the year ending 30 June 2006.

Entities complying with AIFRS for the first time will be required to restate their comparative financial statements to amounts reflecting the application of AIFRS to that comparative period. Most adjustments required on transition to AIFRS will be made, retrospectively, against opening retained earnings as at 1 July 2004.

RAMSAY HEALTH CARE LIMITED AND CONTROLLED ENTITIES NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 JUNE 2005

34. IMPACTS OF ADOPTING AUSTRALIAN EQUIVALENTS TO INTERNATIONAL FINANCIAL REPORTING STANDARDS (Continued)

The consolidated entity has established a project team to manage the transition to AIFRS, including training of staff and system and internal control changes necessary to gather all the required financial information. The project team has engaged expert consultants to assist in managing the transition to AIFRS. The project team report to an AIFRS Steering Committee which is chaired by a Non Executive Director and reports quarterly to the audit committee. The project team has prepared a detailed timetable for managing the transition and is currently on schedule.

The project team has analysed AIFRS and has identified the accounting policy changes that will be required. In some cases there is a choice of accounting policy available, including elective exemptions under Accounting Standard AASB 1 First-time Adoption of Australian Equivalents to International Financial Reporting Standards. These choices have been analysed to determine the most appropriate accounting policy for the consolidated entity.

The known or reliably estimable impacts on the financial report for the year ended 30 June 2005 had it been prepared using AIFRS are set out below.

Although the adjustments disclosed in this note are based on management's best knowledge of expected standards and interpretations, and current facts and circumstances, these may change. For example, amended or additional standards or interpretations may be issued by the AASB and the IASB. Therefore, until the company prepares its first full AIFRS financial statements, the possibility cannot be excluded that the accompanying disclosures may have to be adjusted.

a) Income Tax

Under AASB 112 *Income Taxes*, deferred tax balances are determined using the balance sheet method which calculates temporary differences based on the carrying amounts of an entity's assets and liabilities in the statement of financial position and their associated tax bases. In addition, current and deferred taxes attributable to amounts recognised directly in equity are also recognised directly in equity.

This will result in a change to the current accounting policy, under which deferred tax balances are determined using the income statement method, items are only tax-effected if they are included in the determination of pre-tax accounting profit or loss and/or taxable income or loss and current and deferred taxes cannot be recognised directly in equity.

If the policy required by AASB 112 had been applied during the year ended 30 June 2005 it would have resulted in the recognition of an additional deferred tax asset of \$12,650,727 and a further deferred tax liability of \$20,954,721. The impact of these adjustments would have been reflected in a reduction in goodwill of \$3,219,486, a reduction in retained earnings of \$16,582,607 and an increase in the equity balance of \$5,059,127. There would have been an increase of \$389,198 in the tax expense for the year ended 30 June 2005. These adjustments mainly relate to temporary differences arising from property, plant and equipment, intangible assets and the tax effect of various AFIRS adjustments noted below.

For Capital Gains Tax purposes, Ramsay will allocate the Affinity acquisition cost to the Affinity assets. In determining the amounts disclosed in relation to the AIFRS note above, the cost base of the acquired Affinity assets has not been finalised and once complete, will result in changes to those amounts as disclosed above.

RAMSAY HEALTH CARE LIMITED AND CONTROLLED ENTITIES NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 JUNE 2005

34. IMPACTS OF ADOPTING AUSTRALIAN EQUIVALENTS TO INTERNATIONAL FINANCIAL REPORTING STANDARDS (Continued)

b) Property, Plant and Equipment, including Licenses

(i) Amortisation

Under AASB 138 *Intangible Assets*, amortisation of goodwill will be prohibited, and will be replaced by annual impairment testing focusing on the cash flows of the related cash generating unit.

This will result in a change to the current accounting policy, under which goodwill is amortised on a straight line basis over the period during which the benefits are expected to arise and not exceeding 20 years.

If the policy required by AASB 138 had been applied during the year ended 30 June 2005, consolidated goodwill at 30 June 2005 would have been \$13,003,184 higher and consolidated amortisation expense for the year ended 30 June 2005 would have been \$13,003,184 lower.

There would have been no impact on the parent entity's financial statements.

(ii) Measurement

Licenses

Under AASB 138 *Intangible Assets*, the group is required to measure a finite life intangible asset after initial recognition as follows:

- (i) at its cost less any accumulated amortisation and any accumulated impairment losses (cost model); or
- (ii) at a re-valued amount, being its fair value at the date of the revaluation less any subsequent accumulated amortisation and any subsequent accumulated impairment losses, but only where fair value can be determined by reference to an active market (revaluation model).

Previously the group had re-valued hospital bed licenses, as part of licensed private hospitals, by reference to exiting Australian generally accepted accounting principles (Australian GAAP). This re-valuation is no longer appropriate as the recognition criteria have not been met under AIFRS and this will result in a change to the current accounting policy with licenses being written down to cost at 1 July 2004 and then carried under the cost model.

Property, Plant & Equipment

Under AASB 116 *Property, Plant & Equipment*, the group is required to measure a tangible fixed asset after initial recognition under either of the models listed below:

(i) Cost Model

After recognition as an asset, an item of property, plant and equipment shall be carried at its cost less any accumulated depreciation and any accumulated impairment losses.

(ii) Revaluation model

After recognition as an asset, an item of property, plant and equipment whose fair value can be measured reliably shall be carried at a re-valued amount, being its fair value at the date of the revaluation less any subsequent accumulated depreciation and subsequent accumulated impairment losses. Revaluations should be carried out with sufficient regularity to ensure that the carrying amount does not differ materially from that which would be determined using fair value.

The group have elected to utilise the cost model from 1 July 2004. This is a change from the current accounting policy whereby a component of property, plant and equipment (Licensed Private Hospitals) are periodically re-valued.

34. IMPACTS OF ADOPTING AUSTRALIAN EQUIVALENTS TO INTERNATIONAL FINANCIAL REPORTING STANDARDS (Continued)

Impact of AIFRS on Property, Plant and Equipment, including Licenses

If the policy required by AASB 138 and AASB 116 had been applied during the year ended 30 June 2005 then the consolidated balances in respect of the following accounts would have been amended as noted: Property, Plant and Equipment, including Licenses would have been \$19,145,422 lower, the revaluation reserve would have been \$11,053,034 lower and retained earnings would have been \$8,092,388 lower.

There would have been no impact on the parent entity's financial statements.

c) Share Based Payments

Under AASB 2 *Share-based Payment*, the group is required to recognise an expense for those options that were issued to employees under the Executive Performance Rights Plan (Equity Settled) and the rights that were issued to employees under the Executive Incentive Rights Plan (Cash Settled) after 7 November 2002 but that had not vested by 1 January 2005.

This will result in a change to the current accounting policy under which no expense is recognised for equity-based compensation which was settled by equity.

If the policy required by AASB 2 had been applied during the year ended 30 June 2005, the following consolidated and parent entity balances would have been different:

- retained earnings at 1 July 2004 would have been \$145,000 lower
- and the employee benefit expense for the year ended 30 June 2005 would have been \$843,268 higher.
- the share based payment reserve at 30 June 2005 would have been \$988,268 higher

34. IMPACTS OF ADOPTING AUSTRALIAN EQUIVALENTS TO INTERNATIONAL FINANCIAL REPORTING STANDARDS (Continued)

d) Effects of changes in Foreign Exchange Rates

Under AASB 121 *The Effects of Changes in Foreign Exchange Rates*, (for the purposes of foreign exchange translation) goodwill and fair value adjustments will be treated as assets and liabilities of the foreign operations and translated at the rate on the closing balance sheet date.

Under AASB 121 the financial statements of self-sustaining foreign entities will be translated as follows:

- balance sheet amounts translated at the exchange rate on the balance sheet date;
- income statement amounts translated at the exchange rate on the date of transaction (or an approximation thereof such as an average rate for the year); and
- translation differences are recorded in equity, in the foreign currency translation reserve.

The translation differences accumulated in equity should be recognised in income when the related foreign entity is sold or liquidated.

If the policy required by AASB 121 had been applied during the year ended 30 June 2005 there would have been no impact on either the consolidated or parent financial statements.

e) Financial Instruments

The group will be taking advantage of the exemption available under AASB 1 First-time Adoption of Australian Equivalents to International Financial Reporting Standards to apply AASB 132 Financial Instruments: Disclosure and Presentation and AASB 139 Financial Instruments: Recognition and Measurement only from 1 July 2005. This allows the group to apply Australian GAAP to the comparative information presented in the 30 June 2006 financial report. Therefore, the date of transition for AASB 132 and AASB 139 is 1 July 2005.

Under AASB 132, the current classification of financial instruments issued by entities in the consolidated entity would not change.

AASB 139 is likely to have the following impacts:

(i) Classification and measurement of financial assets and liabilities

Under AASB 139, financial assets held by entities in the consolidated entity will be classified as either at fair value through profit or loss, held-to-maturity, available for sale or loans and receivables and, depending on the classification, measured at fair value or amortised cost.

Under AASB 139, the following classifications will apply:

- loans and receivables and financial liabilities classifications will remain unchanged. Measurement of these instruments will initially be at fair value with subsequent measurement at amortised cost, using the effective interest method.
- investments will be classified as held-to-maturity investments. Measurement of these financial assets will initially be at fair value with subsequent measurement at amortised cost, using the effective interest method.

As a result of the application of the exemption referred to above, there will be no adjustment to classification or measurement of financial assets or liabilities from the application of AIFRS during the year ended 30 June 2005. Changes in classification and measurement will be recognised from 1 July 2005.

34. IMPACTS OF ADOPTING AUSTRALIAN EQUIVALENTS TO INTERNATIONAL FINANCIAL REPORTING STANDARDS (Continued)

e) Financial Instruments (Continued)

(ii) Cash flow hedges

Under AASB 139, interest rate swap contracts held for hedging purposes will be accounted for as cash flow hedges in the financial statements. The contracts will be recognised at fair value and changes in the fair value of those contracts will be recognised directly in equity until the hedged transaction occurs, in which case the amounts recognised in equity will be included in the initial cost of the assets acquired.

This will result in a change to the current accounting policy which currently does not recognise interest rate swaps in the financial statements.

As a result of the application of the exemption referred to above, there will be no adjustment to classification or measurement of cash flow hedges from the application of AIFRS during the year ended 30 June 2005. Changes in classification and measurement will be recognised from 1 July 2005 as a result of the exemption.

The existing hedge positions are expected to qualify as effective hedge relationships under AIFRS at 1 July 2005. Ramsay is currently in the process of quantifying these adjustments, if any.

f) Impairment

Under AASB 136 *Impairment of Assets*, the group is required to assess, at the reporting date, the recoverable amount of an asset and compare with its carrying amount whenever there is an indication that the asset may be impaired. Irrespective of whether there is an impairment indicator present, AASB 136 requires that the recoverable amount of an intangible asset with an indefinite useful life, or an intangible asset not yet available for use, be determined annually at the same time each year and compared with the intangible asset's carrying amount.

AASB 136 defines the recoverable amount as being the higher of fair value less costs to sell and value in use.

This will result in a change to the current accounting policy under which the recoverable amount is determined solely by reference to value in use.

If the policy required by AASB 136 had been applied during the year ended 30 June 2005 then there would have been no impact on the financial statements.

g) Investments in associates

The group will be taking advantage of the exemption available under AASB 1 First-time Adoption of Australian Equivalents to International Financial Reporting Standards in respect of AASB 128 Investments in Associates. That is, an entity may elect not to apply AASB 128 retrospectively to all past acquisitions of investments in associates. There are no changes in accounting for investments in associates to the consolidated or parent entity from applying AASB 128.

h) Non – current assets held for Sale and Discontinued Operations

Under AASB 5 Non-current assets held for Sale and Discontinued Operations, a non-current asset will be classified as held for sale if its carrying amount is to be recovered principally through a sale transaction rather than through continued use. The asset will be measured at the lower of carrying amount and fair value less costs to sell. No depreciation will be charged on the assets classified as held for sale. Under the provisions of AASB 3, Business Combinations, the carrying value of assets and liabilities of newly acquired subsidiaries will be fair value.

34. IMPACTS OF ADOPTING AUSTRALIAN EQUIVALENTS TO INTERNATIONAL FINANCIAL REPORTING STANDARDS (Continued)

h) Non – current assets held for Sale and Discontinued Operations (Continued)

This will result in a change to the current accounting policy, under which disposal groups that are newly acquired subsidiaries are consolidated in the statement of financial position within non - current assets and are not separately disclosed as being held for sale on acquisition. Depreciation is currently charged on these assets.

A further change to accounting policy will be that for assets within newly acquired subsidiaries, which are to be classified as held for sale, will have goodwill allocated to them to the extent that this value will be recovered by the estimated sale proceeds less costs to sell.

During the year ended 30 June 2005, fourteen hospitals were acquired from Affinity Holdings SARL on 15 April 2005 and, as at 30 June 2005, these entities are intended to be sold to non-group entities.

If the policy required by AASB 5 had been applied during the year ended 30 June 2005, then the depreciation charge would have been \$1,931,492 lower. A proportion of Property, Plant & Equipment and goodwill relating to the fourteen divestment hospitals would have been re-classified to "Current assets - Assets of disposal group classified as held for sale".

i) Business Combinations

AASB 1 First time adoption of Australian Equivalents to International Financial Reporting Standards permits an entity to not elect to apply AASB 3 Business Combinations retrospectively to past business combinations (being business combinations that occurred before the date of transition to Australian equivalents to IFRS, 1 July 2004). Ramsay has elected to apply this exemption.

The parent entity acquired 100% of the share capital of Benchmark Healthcare Ltd and Affinity Holdings SARL on 1 July 2004 and 14 April 2005 respectively. The parent entity also acquired 100% of the net assets of Gracedale Nursing Home and four aged care facilities from Ellis Residential Care on 1 March 2005 and 1 April 2005 respectively. These acquisitions have resulted in the following differences under AASB 3 when compared to current accounting policy.

(i) Provision for restructuring costs

Under AASB 3, provisions for restructuring costs can only be recognised as part of the acquisition accounting if the acquired entity had, at the acquisition date, recognised an existing liability for restructuring. This is different to the current accounting policy under which a provision is recognised provided the acquirer had developed the main features of the restructuring plan at the date of the acquisition and developed a detailed plan within three months after the date of the acquisition.

Had the policy required by AASB 3 been applied to the acquisitions, no provision for restructuring would have been recognised in the consolidated statement of financial position at the date of acquisition totalling \$7,757,880 and goodwill would have decreased by the corresponding amount. Restructuring costs of \$6,014,420 would then have been charged to the profit and loss account in the year ended 30 June 2005.

(ii) Purchased goodwill

Under AASB 3, goodwill acquired in a business combination shall not be amortised. Instead, the acquirer tests it for impairment annually or more frequently if events or changes in circumstances indicate that it might be impaired, in accordance with AASB 136 Impairment of Assets. The impairment of goodwill is recognised as an expense to the extent that future benefits are no longer probable.

This is different to the current accounting policy under which purchased goodwill is amortised (using the straight-line method) over twenty years

Refer to section (bii) of this note above for the impact of this change in accounting policy.

RAMSAY HEALTH CARE LIMITED AND CONTROLLED ENTITIES NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 JUNE 2005

35. FINANCIAL INSTRUMENTS

(a) Interest rate risk

The economic entity's exposure to interest rate risks and the effective interest rates of financial assets and financial liabilities, both recognised and unrecognised at the balance date, are as follows:

Financial Instruments	Floating rate interest	Fixed interest rate maturing in:		Total carrying amount as per the Balance Sheet	Weighted average effective interest rate	
		1 year or less	Over 1 to 5 years	More than 5 years		
	\$000	\$000	\$000	\$000	\$000	%
(i) Financial Assets:						
Cash at bank and on deposit						
- 2005	51,434	-	-	-	51,434	5.67%
- 2004	22,488	_	-	1	22,488	4.45%
Total Financial Assets						
- 2005	51,434	-	-	-	51,434	5.67%
- 2004	22,488	-	-	-	22,488	4.45%
(ii) Financial Liabilities:	•					
Overdrafts						
Bank loans - Australia						
- 2005	1,362,000	-	-	•	1,362,000	7.78%*
- 2004	225,000	-	ı	ı	225,000	6.75%*
Bank Loans – Indonesia						
- 2005	14,472	-	-	-	14,472	9.5%
- 2004	-	-	-	-	-	
Loans – Insurance Funding						
- 2005	-	9,454	-	-	9,454	4.12%
- 2004	-	7,039	-	-	7,039	3.52%
Finance lease liability						
- 2005	-	1,199	1,338	-	2,537	8.35%
- 2004	-	506	956	-	1,462	8.35%
Interest Rate Swaps						
- 2005	(761,570)	30,801	730,769	-	-	^
- 2004	(150,248)	-	150,248	-		^
Total Financial Liabilities						
- 2005	614,902	41,454	732,107	-	1,388,463	7.77%
- 2004	74,752	7,545	151,204	-	233,501	6.66%

All other financial instruments are non interest bearing.

^{*} The weighted average interest rate is arrived at after taking account of the interest rate swaps.

[^] The disclosure of effective interest rates is not applicable to derivative financial instruments.

RAMSAY HEALTH CARE LIMITED AND CONTROLLED ENTITIES NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 JUNE 2005

35. FINANCIAL INSTRUMENTS (continued)

(b) Net Fair Values

All financial assets and liabilities have been recognised at the balance date at their net fair values, except for:

	Total carrying a the statement posit	Aggregate net	fair value	
	2005 \$'000	2004 \$'000	2005 \$'000	2004 \$'000
Financial liabilities Interest rate swaps	#	#	14,815	916
Equity instruments Options over ordinary shares	#	#	-	-

Note:

The following methods and assumptions are used to determine the net fair values of financial assets and liabilities:

Recognised financial instruments

Cash, cash equivalents and short-term investments: The carrying amount approximates fair value because of their short-term to maturity.

Trade receivables and payables: The carrying amount approximates fair value.

Dividends payable: The carrying amount approximates fair value.

Short-term borrowings: The carrying amount approximates fair value because of their short-term to maturity.

Long-term borrowings: The fair values of long-term borrowings are estimated using discounted cash flows analysis, based on current incremental borrowing rates for similar types of borrowing arrangements.

Non-current investments/securities: For financial instruments traded in organised financial markets, fair value is the current quoted market bid price for an asset or offer price for a liability, adjusted for transaction costs necessary to realise the asset or settle the liability. For investments where there is no quoted market price, a reasonable estimate of the fair value is determined by reference to the current market value of another instrument which is substantially the same or is calculated based on the expected cash flows or the underlying net asset base of the investment/security.

What applicable as these financial instruments are not recognised in the financial statements.

SHAREHOLDER INFORMATION

The following additional information required by the Australian Stock Exchange Limited, was applicable as at 31 August 2005:

(a) Distribution of Shareholders

Size of Holding	Number of Shareholders	Ordinary Shares	% of Issued Capital

INFORMATION ON DIRECTORS

P J Ramsay AO Chairman Appointed 26/05/75

Mr Paul Ramsay has been involved in health care since 1964 when he developed and managed one of the first private psychiatric hospitals in Sydney. As Chairman of Ramsay Health Care, he has overseen the building of nine private hospitals and has developed Ramsay Health Care to its present strong position in Australian health care. In the June 2002 Queens Birthday Honours List, Mr Ramsay was conferred an Officer of the Order of Australia for services to the community through the establishment of private health care facilities, expanding regional television services and as a benefactor to a range of educational, cultural, artistic and sporting organizations. During the last three years, Mr Ramsay has also served as a director on the following listed companies:

- Prime Television Limited (Current Chairman)
- Becker Group Limited (Current)

M S Siddle Deputy Chairman Appointed 26/05/75

Mr Michael Siddle has been with Ramsay Health Care for 30 years and was Managing Director during the period from 1975 to 1988. He has been closely involved with the group's expansion through both construction and acquisition. During the last three years, Mr Siddle has also served as a director on the following listed companies:

Prime Television Limited (Current Deputy Chairman)

M L Brislee Non-Executive Director Appointed 15/06/97

Mrs Marjorie Brislee, a former manager of Ramsay Health Care, joined the company in 1976 and has hospital management experience in Australia, United States, Hong Kong and the United Kingdom.

A J Clark AM FCA FAICD Non-Executive Director Appointed 06/10/98

Mr Tony Clark is a Chartered Accountant and was formerly Managing Partner of KPMG NSW. In 1995 Mr Clark was awarded membership of the Order of Australia for services to Business, Commerce and Community. During the last three years, Mr Clark has also served as a director on the following listed companies:

- Cumnock Coal Limited (Current Chairman)
- Carlton Investments Limited (Current)
- Amalgamated Holdings Limited (Current)
- Telstra Corporation Limited (Resigned August 2005)

P J Evans FCA Non-Executive Director Appointed 25/06/90

Mr Peter Evans is a Chartered Accountant who has been in public practice for over 20 years with precedent firms of KPMG and as a sole practitioner since 1989. He has specialised in the financial management of hospitals and has had extensive experience in the health care field for over 25 years. During the last three years, Mr Evans has also served as a director on the following listed companies:

Prime Television Limited (Current)

INFORMATION ON DIRECTORS (continued)

I P S Grier MAICD Managing Director Appointed 25/06/97

Prior to entering the health care sector, Mr Pat Grier was National Sales Manager for Reckitt and Colman and General Manager of Revlon. In 1984 he joined Hospital Corporation Australia, which was the largest private surgical hospital group in Australia. In 1988, Mr Grier joined Ramsay Health Care as manager of the group's operating entities and was appointed Managing Director in 1994. He is currently a director of the Australian Private Hospital Association.

R H McGeoch AM LLB MAICD Non-Executive Director Appointed 03/07/97

Mr Rod McGeoch is immediate past Chairman of Corrs Chambers Westgarth, a leading Australian law firm and has been a solicitor for 34 years. He was Chief Executive of Sydney's successful bid for the 2000 Olympic Games and served on the Sydney Organising Committee for the Olympic Games until November 1998. Currently Mr McGeoch is Chairman of Vantage Private Equity Growth Limited and a director of Frontiers Group (UK) Limited. He is Chairman of Saatchi & Saatchi's Trans Tasman Advisory Board and a Trustee of the Sydney Cricket and Sports Ground Trust. Mr McGeoch holds a number of honorary positions and in 1990 was awarded membership of the Order of Australia for services to Law and the Community. During the last three years, Mr McGeoch has also served as a director on the following listed companies:

- Gullivers Travel Group Limited (Current)
- LIPA Pharmaceuticals Limited (Current)
- Sky City Entertainment Group Limited (Current Chairman)
- Telecom Corporation of New Zealand Limited (Current)
- Australian Growth Properties Limited (Resigned December 2003)

K C D Roxburgh B.Comm MBA SDIAM Non-Executive Director Appointed 03/07/97

Mr Kerry Roxburgh is a SDIA Practitioner Member - Stockbroking. In 2000 he completed a term as CEO of E*TRADE Australia Limited where he is currently non-executive Chairman. INFORMATION ON DIRECTORS (continued)

B R Soden B.Comm CA MAICD Finance Director Appointed 02/01/97

Mr Bruce Soden joined Ramsay Health Care in 1987 after having spent 12 years with Arthur Andersen & Co in their Sydney, Milan and Johannesburg offices in the Financial Consulting Division. Mr Soden was appointed Finance Director of Ramsay Health Care's operating entities in 1994. Prior to this, he spent four years based in New Orleans as Senior Vice President and Director of Ramsay Health Care, Inc. a listed United States health care company.

L R Ransley CA Company Secretary Appointed 1/06/05

Mr Larry Ransley is a member of the Institute of Chartered Accountants in Australia. Before joining Ramsay Health Care in 1992, he had 25 years experience in all aspects of professional accounting. He previously worked for KMG Hungerfords and was a partner in a tax accounting based practice.

CORPORATE GOVERNANCE STATEMENT

This statement outlines the Company's main corporate governance practices during the year ending 30 June 2005. The Board has reviewed the Company's corporate governance policies in the light of the Best Practice Recommendations published by the Australian Stock Exchange Corporate Governance Council (the "ASX Recommendations"). In general, the Company has followed the ASX Recommendations during the past financial year. Departures from the Recommendations, together with the reasons for the departure, are disclosed in this statement.

Management and oversight

The role of the Board of Directors, as the governing body of the Company, is to effectively represent and promote the interests of the Company's shareholders. The Board is accountable to the shareholders for the management of the Company's business affairs, and, as such, is responsible for the overall strategy, governance and performance of the Company.

The Board's specific responsibilities include:

- (a) Setting the strategic direction for the Company, by establishing, developing, modifying and monitoring the Company's strategic objectives;
- (b) Monitoring the performance of the Company's management and ensuring that appropriately skilled management are employed to implement the Board's decisions;
- (c) Ensuring that appropriate compliance frameworks are in place and are operating effectively;
- (d) Identifying areas of significant business risk;
- (e) Approving decisions concerning the capital of the Company and approving and monitoring the Company's financial and other reporting.

The respective roles and responsibilities of the Board and of management are outlined in detail in the Ramsay Health Care Limited Board Charter, available under the Corporate Governance section on the Company's website.

To ensure efficient and effective management and oversight the Board normally holds 11 scheduled meetings each financial year, with one scheduled meeting dedicated to an annual review with senior management on the Company's strategic direction. The Board may also meet on other occasions between scheduled meetings to deal with specific matters as the need arises.

In the financial year ending 30 June 2005, the Board held 8 special board meetings in addition to the 11 scheduled board meetings. Details of Directors' attendance at Board and committee meetings are set out in the Directors' Report.

Structure of the Board

Composition

The Board currently comprises nine Directors, seven non-executive Directors (including the Chairman and Deputy Chairman) and two executive Directors. The composition of the Board and the length of tenure of each member of the Board are set out in the table below.

Name	Position Held	Date appointed	Length of tenure at 30 June 2005*
Paul Ramsay	Non-executive/Chairman	26/05/75	8 years
Michael Siddle	Non-executive/Deputy Chairman	26/05/75	8 years
Marjorie Brislee	Non-executive Director	15/06/97	8 years
Tony Clark	Non-executive Director	06/10/98	6 years
Peter Evans	Non-executive Director	25/06/90	8 years
Rod McGeoch	Non-executive Director	03/07/97	8 years
Kerry Roxburgh	Non-executive Director	03/07/97	8 years
Pat Grier	Executive Director/Managing Director	25/06/97	8 years
Bruce Soden	Executive Director/Financial Director	02/01/97	8 years

^{*} Note: Length of tenure at 30 June 2005 is measured from the later of the Company's listing in September 1997 or the date of the director's appointment.

CORPORATE GOVERNANCE STATEMENT (continued)

The appointment and removal of Directors is governed by the Company's Constitution. The Board is responsible for selecting and approving its own candidates to fill any casual vacancies that may arise from time to time. Directors who have been appointed to fill casual vacancies must offer themselves for reelection at the next annual general meeting of the Company.

In addition, at each annual general meeting, one third of the Directors (excluding the Managing Director) must offer themselves for re-election subject to the proviso that no Director shall serve more than three years without being a candidate for re-election.

The Board as a whole serves as an informal Nominations Committee and continually assesses the balance of executive and non-executive Directors and the composition of the Board in terms of skills, expertise and diversity required to ensure that the Board is equipped to meet the needs of the Company in the current environment.

The Directors have a broad range of skills and experience. Details of the background and particular expertise of each Director are set out under the heading "Board of Directors" of this Annual Report. There are no share qualifications for any Directors.

Independence

The Board has considered the test set down in the ASX Recommendations in relation to independence and has assessed each of the Directors against that test. Overall, the Board is satisfied that no Director is hindered in his or her ability to exercise unfettered and independent judgment.

The Board considers that Mr Kerry Roxburgh, Mr Rod McGeoch and Mrs Marjorie Brislee are independent Directors on the basis that they are free of any business or other relationship that could materially interfere with, or could reasonably be perceived to materially interfere with, their ability to exercise unfettered and independent judgement in the discharge of their responsibilities and duties.

The Board makes the following observations in relation to certain other of its non-executive directors:

- The current Chairman of the Board, Mr Paul Ramsay, is a non-executive Director who is also a director and shareholder of Paul Ramsay Holdings Pty Limited, the Company's largest shareholder with 42% of the Company's share capital (10% down from the Shareholding held by Paul Ramsay Holdings Pty Limited in 2004). Mr Ramsay founded the business in 1964 and has built the Company to its present strong position in Australian health care. The Board recognises the Recommendation that the Chairman be an independent Director. However, the Board views Mr Ramsay's many years of experience in the private hospital industry as a significant valuable asset for the Company.
- Three non-executive directors, Mr Siddle, , Mr Clark and Mr Evans, are also directors of Paul Ramsay Holdings Pty Limited:
 - Mr Siddle has had a long association with the Chairman, Mr Paul Ramsay and has an indirect beneficial interest in shares of Paul Ramsay Holdings Pty Limited. Mr Siddle has considerable knowledge and experience in private hospitals and property development. Given his experience and insight, the Directors consider that Mr Siddle makes a significant contribution to the Board.
 - Mr Clark and Mr Evans are not shareholders of Paul Ramsay Holdings Pty Limited and they do not have a direct or indirect beneficial interest in the Company. While not technically independent Directors according to the ASX Corporate Governance Council's definition, the Board does not consider that the independence of these directors is compromised in any material way by their relationship with the substantial shareholder.

Directors are entitled to seek independent professional advice at the expense of the Company as required in the furtherance of their duties, subject to prior consultation with, and the approval of, the Chairman.

The independence of Board members is a matter which the Board will continue to monitor in accordance with the ASX Recommendations in the forthcoming year.

CORPORATE GOVERNANCE STATEMENT (continued)

Board Performance

The Board is aware of the need to regularly assess the contribution and performance of each Director and of the Board as a whole. The Chairman, with the assistance of the Deputy Chairman has and will continue to discuss with each Director his or her performance and contribution to the Board.

Ethical Standards and Code of Conduct

Directors and employees of the company are expected to maintain standards of business conduct, which are ethical. To this end, the Board has adopted a code of conduct, which prescribes the principles and standards with which all directors, executive officers and employees are expected to maintain in the performance of their respective functions.

These principles and standards address a range of matters including the responsibilities and obligations of management and staff of the Company in relation to compliance with applicable laws including privacy legislation, protecting the confidentiality of confidential and personal information of third parties; respecting the rights of people with whom the Company's interacts, workplace health and safety; conflicts of interest, risk management and diligence and professional conduct.

The Code of Conduct has been published under the Corporate Governance section of the Company's website.

Policy on Share Trading by Directors and Senior Executives

The Board has adopted a policy on trading in Company shares by directors and senior executives. The policy, which restricts Directors and senior executives from acting on any material information before it has been released to the market, only permits the purchase or sale of Company shares during the following periods:

- a) A period of six weeks, commencing on the day following the release of the half-yearly financial results; and
- b) A period of six weeks, commencing the day following the release of the annual results.

Continuous Disclosure

The Board has also adopted a policy on continuous disclosure to ensure compliance with the disclosure obligations under ASX Listing Rule 3.1.

Board Committees

There are 3 formal board committees which operate under terms of reference approved by the Board: the Audit Committee, the Remuneration Committee and the Risk Management Committee.

The formal charter for each Board Committee has been published on the Company's website.

The number of meetings attended by the members of each Committee in the past financial year is disclosed in the Director's Report.

CORPORATE GOVERNANCE STATEMENT (continued)

Board Committees (Continued)

Audit Committee

The Audit Committee assists the Board in fulfilling its fiduciary responsibilities in relation to corporate accounting and reporting practices.

The Audit Committee's responsibilities are to:

- a) Oversee the reporting process and to provide an objective review of the financial information presented by management to the Board and for presentation to shareholders, regulatory authorities and the general public;
- b) Oversee the existence and maintenance of internal controls and accounting systems;
- c) Review the scope and effectiveness of the external audit;
- d) Oversee and review the appointment, performance and remuneration of external auditors; and
- e) Maintain lines of communication between the Board and the external auditors.

The Audit Committee is comprised of 3 non-executive Directors. The members of this Committee during the past financial year were:

Mr Peter Evans Non-executive Chairman
Mr Kerry Roxburgh Non-executive Director
Mr Tony Clark Non-executive Director

The Board acknowledges the ASX Recommendation that the Audit Committee should consist of a majority of independent Directors. Mr Roxburgh is an independent Director. Although, for the reasons outlined above, Mr Evans and Mr Clark are not technically independent Directors, the Board does not consider that their independence is hindered in their roles as Audit Committee members and is satisfied that the Audit Committee is of sufficient independence to discharge its mandate effectively.

The Managing Director and the Finance Director attend meetings of the Audit Committee along with other members of the executive team and the external auditor by invitation only.

The external auditors have a standing invitation to meet with the Audit Committee or the Chairman of the Audit Committee, at any time, without the presence of the executive Directors or management.

In addition to the Audit Committee's responsibilities outlined above, the Audit Committee also reviews the nomination and performance of the Company's external auditors, and approves the external audit plan and fees in respect of the external audit.

The Audit Committee acknowledges that a high quality, independent statutory audit, is essential to the maintenance of the highest standards in financial reporting. To ensure that the statutory auditor is at all times independent, as well as perceived to be independent, the Committee has adopted a Charter of Audit Independence. The Charter contains procedures designed to ensure independence and articulates various obligations of the statutory auditor, the Company's management and the Audit Committee. These include procedures relating to the appointment of auditors and communications between the auditor and the Audit Committee, reporting obligations, as well as procedures for provision by the auditor of suitably qualified personnel to ensure an effective audit.

The Charter also contains guidelines in relation to the provision of non-audit services by the auditor (a discussion of non-audit services provided during the year is contained in the Directors' Report commencing on page 3).

In addition, the Charter provides that no employee or former employee of the statutory auditor is permitted to serve as a Director or senior executive of the Company unless a minimum period of two years has passed since their leaving the employment of the statutory auditor.

CORPORATE GOVERNANCE STATEMENT (continued)

Board Committees (Continued)

Audit Committee (Continued)

The statutory auditor is also required to:

- a) Commit to the rotation of the senior partner in charge of the audit every five years;
- b) Confirm on an annual basis that:
 - the statutory auditor has complied with all legislation as well as professional regulations or guidance issued by the Australian Accounting Profession relating to Audit Independence;
 - the statutory auditor, its partners or the service team do not have any financial or business interests in the Company;
 - superannuation funds of the statutory auditor's partners or staff do not have a direct financial interest in the Company; and
 - total fees received from the Company do not have a material impact on the statutory auditor's operations or financial condition.

Remuneration Committee

The Remuneration Committee is responsible for determining and reviewing compensation packages for the executive Directors. Full disclosure of all elements of Directors' and relevant senior executives' remuneration can be found in the Remuneration Report on page 12. In making determinations in relation to remuneration, regard is had to comparable industry or professional salary levels, and to the specific performance of the individuals concerned.

The remuneration of managers and staff other than executive Directors is within the authority of the executive Directors. The executive Directors have discretion in regard to the remuneration of individual managers subject to the proviso that the overall level of remuneration falls within budget guidelines as approved by the Board.

The Remuneration Committee also makes recommendations to the Board, on the allocation of share options under the Company's Executive Incentive and Performance Rights Plans. In accordance with the Listing Rules, options issued to Directors require the approval of shareholders in general meeting.

The Remuneration Committee is comprised of 3 non-executive Directors. The members of the Committee during the past financial year were:

Rod McGeoch Non-executive Director and Chairman of the Committee

Peter Evans Non-executive Director Michael Siddle Non-executive Director

The Board acknowledges the ASX Recommendation that the Remuneration Committee should consist of a majority of independent Directors. Mr McGeoch is an independent Director. Although, for the reasons outlined above, Mr Evans and Mr Siddle are not technically an independent Directors, the Board does not consider that their independence is hindered in their role as Remuneration Committee member.

The Board as a whole, upon recommendation from the Remuneration Committee, determines the remuneration of non-executive Directors. Their recommendation will have regard to survey comparisons, inflation trends, and to special responsibilities assumed by Directors. Any increase in the maximum aggregate quantum of Directors' fees is subject to the approval of shareholders in general meeting.

CORPORATE GOVERNANCE STATEMENT (continued)

Board Committees (Continued)

Risk Management Committee

The Risk Management Committee is responsible for the ongoing assessment and management of risk to the Company, including clinical, medical, occupational health and safety and financial risk. The Risk Management Committee is also responsible for the accreditation process for all hospitals, including the review of clinical and infection control procedures. The Committee verifies the credentials of medical practitioners who use the Company's facilities, and receives reports from each hospital's medical advisory board. This process minimises the risk of malpractice.

In addition to the Risk Management Committee, the Board continues to manage and monitor ongoing business risk through:

- (a) comprehensive reporting, whereby detailed management and business performance reports are prepared for the Board on a monthly basis. At each meeting of the Board, Directors receive and give consideration to reports from:
 - the Managing Director;
 - the Finance Director;
 - operations and hospital management;
 - risk management; and
 - planning and development.
- (b) the review and approval of budgeted routine and capital expenditure;
- (c) the establishment of policies on limits of authority and the approval of expenditure;
- (d) oversight and review of the six-monthly external audits, via the Audit Committee;
- (e) oversight of treasury activities;
- (f) oversight of professional and medical conduct, via the Risk Management Committee; and
- (g) maintenance of annual insurance programmes.

The members of this Committee during the past financial year were:

Peter Evans Non-executive Director and Chairman of the Committee

Marjorie Brislee Non-executive Director

Rod McGeoch Non-executive Director, alternate
Pat Grier Executive Managing Director

The Chief Operating Officer, the Group Risk Manager, the Manager Human Resources, the Manager Occupational Health and Safety and the Financial Controller also attend meetings of the Risk Management Committee attend meeting of this Committee.

In accordance with Recommendation 7.2 the Managing Director and the Finance Director provide to the Board on a six-monthly basis a written statement to the effect that the Company's Risk Management and Internal Control systems are operating efficiently and effectively.

CORPORATE GOVERNANCE STATEMENT (continued)

Communication with Shareholders

The Board recognises the importance of communicating effectively with shareholders and the market generally and is committed to ensuring that shareholders are fully informed of all material matters that affect the position and prospects of the Company. To ensure shareholders are kept fully informed the Company:

- a) Maintains a special investor section on the Company website for publishing financial reports and up-to-date market releases as and when they are released and as an archive;
- b) Provides investors with an email alert facility, via the Company website, for all Company announcements to the market; and
- c) From time to time uses direct correspondence from the Chairman to update all shareholders on significant events...

Full advantage is also taken of the annual meetings to provide shareholders with information about the Company and the current state of play and shareholders are encouraged to participate through the question and answer session conducted as part of the annual general meeting. All members of the Board as well as the external auditor make themselves available for questions from shareholders as part of this process.
